WHEREAS the University of Queensland was established to promote sound learning, to encourage original research and invention, and to provide the means of obtaining a liberal and practical education in the several pursuits and professions of life in Queensland ; and

WHEREAS the Senate of the University of Queensland has power by virtue of Section 24 of "*The University of Queensland Acts of 1909-1941* " to make, alter and repeal Statutes with respect to all or any of the matters referred to therein ;

IT IS HEREBY DECLARED that all Statutes hitherto made by the Senate and now in force are hereby repealed, and in lieu thereof the Statutes herein contained shall be and are hereby declared to be the Statutes under which the University of Queensland shall henceforth be governed :

PROVIDED ALWAYS that nothing herein contained shall be deemed to revive any Statute previously repealed, or to prejudice any matter already done or commenced under any Statute hitherto in force.

CHAPTER I.—THE METHOD OF ELECTION OF MEMBERS OF THE SENATE BY THE COUNCIL.

1. The Warden of the Council shall keep a Roll of all members of the Council, and shall in each and every year revise the same to accord with the membership of the Council for the time being.

2. The Roll shall be in the following form :—

LIST OF MEMBERS OF THE COUNCIL OF THE UNIVERSITY OF QUEENSLAND.

Number.	Member's Surname.	Member's Christian Name.	Degree or Qualification.

Dated the

day of

19 .

Warden.

3. The Roll as so prepared and from time to time revised shall be the Voters' Roll for the time being for the election of a member or members of the Senate, and the same shall be conclusive evidence of the right to vote of every member whose name shall appear thereon.

4. The Warden shall at all times after preparing the Roll as aforesaid prepare a register of the addresses of all members of the Council for the time being, in which shall appear the last-known place of abode known to him of each member, and in the case of members whose last-known place of abode is outside the boundaries of the Commonwealth of Australia and of the Dominion of New Zealand, a further address within the boundaries of the State of Queensland, to be supplied by each of such members, to be known as the address for service of any notice form or ballot-paper required to be served upon or sent to any such member, and any notice form or ballot-paper given or sent to such address shall be deemed to be sufficiently given or sent.

Failing the supply of an address for service by any such member as aforesaid, the posting of any notice on the University notice board shall be sufficient, and the sending of any notice form or ballot-paper as hereinafter provided shall not in such cases be necessary.

Notice of Holding of Election.

5. Not less than sixty clear days before the day prescribed by the Governor in Council for holding an election the Warden shall give public notice of such election by advertisement in the *Government Gazette*, or in a newspaper published and generally circulating in Brisbane, and by posting same on the University notice board. The Warden shall also cause to be delivered or posted to each member whose name shall appear on the roll at the last-known place of abode or address for service of such member, as the case may require, a circular memorandum notifying such election, together with a form of nomination-paper. The omission to send such circular memorandum or nomination-paper to all or any of such members shall not, however, operate to invalidate an election.

Nomination of Candidates.

6. The notice shall specify a day, not less than twenty nor more than thirty days after the publication of the notice, as the day of nomination, and shall require the candidate or candidates at such election to be nominated in manner hereinafter appearing at some place in Brisbane to be named in the notice.

Manner of Nomination.

7. In order that a person may be a candidate at an election, he must be nominated by not less than five members of the Council in manner following, that is to say:— Before four o'clock in the afternoon of the day of nomination there shall be delivered to the Warden, at the place appointed by the notice, a nomination-paper naming such person as a candidate at such election and signed by the persons nominating him and by the person nominated, in the following form:—

We, the undersigned, members of the Council of the University of Queensland, hereby nominate [*stating Christian and surname and degree, if any*] for the office of Member of the Senate of the University. [*In the case of an extraordinary vacancy add "In the place of A.B., deceased," or as the case may be.*]

Dated the day of , 19 .

[*Here are to follow the signatures.*]

I consent to be nominated as aforesaid.

G.H

No person who is not so nominated or who has not so consented may be a candidate at the election.

Certificate of Warden.

8. If the Warden is satisfied that the provisions of this Statute with respect to a nomination-paper have been substantially complied with, he shall make and sign at the foot thereof a certificate in the form following, or to the like effect:—

I, the undersigned, _____, Warden of the Council of the University of Queensland, do hereby certify that I received this nomination at _____ o'clock in the _____ noon of the _____ day of _____ 19____, and that the provisions of the Statute with respect to it have been complied with.

A.B., Warden.

But no such certificate shall be construed to qualify any person to be a candidate or to sign the nomination-paper who is not qualified to be a candidate or to sign the same.

Result if only Number to be Elected Nominated.

9. If the number of persons who are duly nominated as candidates at any election does not exceed the number of persons to be elected, the persons thus nominated shall be deemed to be elected. The Warden shall certify to the Minister the names of the persons so elected and shall publicly notify their election by advertisement in some newspaper published in or generally circulating in Brisbane and by notice posted on a University notice board.

Result if more Nominated than to be Elected.

10. If the number of persons who are duly nominated as candidates at any election exceeds the number of members to be elected, the Warden shall publicly notify, by advertisement in some newspaper published or generally circulating in Brisbane, the names of the persons who have been so nominated as candidates, and for deciding between such candidates a poll shall be taken in manner hereinafter provided.

Appointment of Scrutineers.

11. The Chancellor, or in his absence the Deputy-Chancellor, or in the absence of both some member of the Senate appointed by the Chancellor or the Deputy-Chancellor, shall appoint two persons to be scrutineers for the examination of the ballot-papers.

Election not to be Questioned.

12. No election shall be liable to be questioned by reason of—

- (i.) Any defect in the title or any want of title of any person by or before whom such election is held if such person really acted at the election; or
- (ii.) Any formal error or defect in any declaration or other instrument or in any publication made under this Statute or intended to be so made; or
- (iii.) Any such publication being out of time; or
- (iv.) Any delay in holding the election at the time appointed or in taking the poll; or
- (v.) Any defect of a merely formal nature.

And the Governor in Council may by proclamation remove any obstacle of a merely formal nature or cure any formal defects by which the due course of any election may be impeded, or declare the validity of any election where such may appear to be reasonable and just, notwithstanding informality of any kind.

Poll, how taken.

13. When a poll is required to be taken, the following provisions shall have effect:—

- (i.) The Warden shall, without unreasonable delay after the day of nomination, cause to be delivered or posted to each member of the Council whose name shall appear on the roll at his last-known place of abode or address for service, as the case may require, a printed ballot-paper and a notification of the number of members to be elected.
- (ii.) The envelope containing the ballot-papers so posted by the Warden shall be endorsed with the words “ Council of the University of Queensland, Ballot-paper.”
- (iii.) Every ballot-paper shall contain in alphabetical order the full names of all the candidates for election, and shall be initialled by the Warden or some person authorised by him.
- (iv.) The ballot-paper shall be so printed and prepared that the voter may effectually conceal the names of the persons for whom he has voted.

Form of Ballot-paper.

14. The ballot-paper shall be in the following form, that is to say:—

A.	<i>Gummed Edge.</i>	B.
----	---------------------	----

Perforation.

Indicate your vote by making a cross in the square opposite the names of the candidates or candidate for whom you vote. Gum the tops and sides of the paper down so that the letters AA and BB in the corners meet. Then place the paper in the accompanying envelope, close up the envelope, and post it at a post office.

Every ballot-paper which provides votes for a greater or lesser number of names than the number of candidates to be elected will be rejected.

A.B., Warden.

Warden to Examine and Count Votes.

15. At or after five o'clock on the afternoon of the day prescribed for the election by the Governor in Council, the Warden shall, in the presence of the scrutineers, but not of any candidate, examine and count the number of votes received for each candidate, observing in respect of each ballot-paper the following directions:—

- (i.) He shall first mark off the voter's name upon a copy of the roll signed by him as a correct copy for the purposes of the election.

- (ii.) He shall then examine the ballot-paper, and if it is regular shall allot the votes in accordance therewith to the various candidates.
- (iii.) If the ballot-paper is not regular, he shall reject it.
- (iv.) When all the ballot-papers have been examined he shall make out a written statement, signed by himself and countersigned by the scrutineers, containing the names of the candidates and the numbers, in words as well as in figures, of the votes received for each candidate and a declaration of the names of the candidates shown thereby to have been elected.
- (v.) He shall thereupon certify to the Minister the names, in alphabetical order, of the candidates elected, and shall publicly notify them by advertisement in some newspaper published or generally circulating in Brisbane and by notice posted on a University notice board.

Informal and Imperfect Votes.

16. At the examination of ballot-papers every ballot-paper which—

- (i.) Is not signed by the voter, or
- (ii.) Is manifestly irregular, or
- (iii.) Provides votes for a greater or lesser number of names than the number of candidates to be elected,

shall be rejected.

Casting Vote.

17. If the number of votes for two or more candidates is found to be equal, the Warden shall decide by his casting vote which shall be elected.

The Warden may, if qualified, vote at the election in addition to giving a casting vote.

Disposal of Ballot-papers.

18. The Warden shall forthwith after the declaration of the result of the election make up, securely fasten, and seal in one packet all the ballot-papers, together with the signed copy of the roll before-mentioned, and safely keep the same

for twelve months, and at the expiration of such period of twelve months he shall cause the same to be destroyed in the presence of the Registrar of the University.

Interpretation.

19. In this Chapter the term "Warden" shall mean the Warden of the Council of the University or some person appointed by him by writing under his hand as a substitute to act for him, or, in case of his refusal or inability to make such appointment, or, in case he shall be a candidate for election to the Senate, some person appointed by the Senate to act for him or in his stead for the purposes of this Statute.

CHAPTER II.—THE CONDUCT OF BUSINESS OF THE SENATE AND OF THE COUNCIL.

1. The Senate shall meet in the University building.
2. The Council shall meet in the University building, or at such other place as the Warden may direct.
3. The Senate may make regulations for the conduct of the business of the Senate and of the Council respectively. Such regulations shall be known as the Standing Orders of the Senate and of the Council respectively.

CHAPTER III.—STANDING COMMITTEES OF THE SENATE.

1. There shall be the following Standing Committees of the Senate:—

- (a) The Academic Standing Committee;
- (b) The Administrative Committee;
- (c) The Finance Committee;
- (d) The Buildings and Grounds Committee;
- (e) The Library Committee; and
- (f) The Publications Committee.

2. Subject to the control of the Senate, and to the provisions of the Act and of the Statutes made thereunder, the functions of the several Committees shall be as follows:—

(a) The Academic Standing Committee—

- (i.) To supervise the educational affairs and teaching arrangements of the University, including the studies, examinations, books for study, teaching and examining staff, and lectures; and

- (ii.) Generally, to discharge such other functions or perform such other duties as the Senate, or the Senate in collaboration with the Governor in Council, may from time to time determine.
 - (b) The Administrative Committee—
 - (i.) To prepare Statutes and to revise Statutes submitted to it by the Senate; and
 - (ii.) To deal with or advise with regard to matters relating to the administration of the University, including the executive staff, and all matters other than matters which are assigned by these Statutes to another Standing Committee.
 - (c) The Finance Committee—

To deal with or advise in regard to matters relating to the finances, accounts, investments, property, insurances, business, and, generally, the financial affairs of the University.
 - (d) The Buildings and Grounds Committee—

To deal with or advise in regard to the buildings, premises, furniture, grounds, and recreation grounds of the University, and all matters relating to any or all of these things.
 - (e) The Library Committee—

To deal with or advise in regard to the Library of the University, including the Library staff, purchase, binding, cataloguing and accommodation of books, periodicals, magazines, newspapers and general literature, and the provision and regulation of facilities for the use of the library and its contents.
 - (f) The Publications Committee—

To secure efficient control and administration in all matters relating to University publications generally and to advise the Senate thereon.
3. Except in the case of the Academic Standing Committee, for which provision is made in Section 23A of the Act—
- (i.) The Chancellor and Vice-Chancellor shall, *ex officio*, be members of each committee.
 - (ii.) At its first meeting held after the first Tuesday in March in each year the Senate shall appoint from amongst its members the members of the various Standing Committees. The members of such Standing Committees shall hold office until their successors are appointed or until they cease to be members of the Senate.

- (iii.) At its first meeting in each year, each Standing Committee shall appoint one of its members to be chairman. Except as hereinafter provided, the person so appointed shall, if present, preside at every meeting of the committee; if he is absent from any meeting, the members present shall appoint a chairman for that meeting.
 - (iv.) The Chancellor, or in his absence the Deputy Chancellor, or in the absence of both, the Vice-Chancellor, shall have the right to summon a special meeting of any committee for the purpose of considering any business relating to that committee and at such meeting the Chancellor, the Deputy Chancellor or the Vice-Chancellor as the case may be, shall take the chair.
 - (v.) Each Committee shall consist of not less than seven members.
4. The Senate may associate with any Standing Committee such Professors or other members of the teaching staff or other persons as the Senate may from time to time determine.
 5. Subject to these Statutes, and to the general control of the Senate, each committee shall make its own rules in regard to the conduct of its business.
 6. At any meeting of a committee, three members shall form a quorum.
 7. The Chairman shall have a vote, and, in the case of an equality of votes, a second or casting vote.
 8. Each committee shall deal with or advise in regard to any matter which may be referred or delegated to it by the Senate.
 9. Each Standing Committee may appoint sub-committees to report on or deal with any matter assigned, referred, or delegated to such committees. Sub-Committees shall report to the Standing Committees which appointed them.
 10. Each Standing Committee shall furnish to the Senate, at each ordinary meeting thereof, a report of its proceedings since the previous ordinary meeting of the Senate.

CHAPTER IV.—THE STANDING COMMITTEE OF THE COUNCIL.

1. There shall be a Standing Committee of the Council, referred to in this Chapter as "the Standing Committee."

2. The Standing Committee shall consist of the Warden of the Council, the President for the time being of the Men Graduates' Association, and the President for the time being of the Women Graduates' Association, *ex officio*, together with sixteen other persons who are members of the Council:

Provided that no member of the Senate shall be a member of the Standing Committee, and that if any member of the Standing Committee is elected or appointed to be a member of the Senate his office as a member of the Standing Committee shall become vacant.

3. The elective members of the Standing Committee shall be elected by the Council.

4. The election of members of the Standing Committee shall be conducted by postal ballot.

5. The period of office of members of the Standing Committee shall coincide with that of members of the Senate elected by the Council.

6. If at any elections any person is elected both as a member of the Senate and as a member of the Standing Committee his election as a member of the Standing Committee shall be void and his place thereon shall be filled as in the case of a casual vacancy.

7. In the case of any casual vacancy occurring in the office of an elected member of the Standing Committee a member to take his place shall be elected by the Standing Committee of the Council at a meeting of that Committee.

8. The powers and duties of the Standing Committee shall be—

- (a) To submit for the consideration of the Senate such suggestions as it thinks fit with respect to the affairs and concerns of the University;
- (b) To report to the Senate on any matters referred to it by the Senate for report;
- (c) To have for the purposes aforesaid such means of obtaining information and of making inquiry as the Senate may from time to time determine, either generally or in any particular case;
- (d) To inspect at all convenient times the buildings, grounds and departments of the University and such records of the University as the Senate may approve.

9. The Warden of the Council shall be, *ex officio*, Chairman of the Standing Committee, and the Warden, or in his absence, a member of the Standing Committee elected as Chairman by the members present shall preside at all meetings of the Standing Committee.

10. The Chairman shall have a vote, and, in the case of an equality of votes, a second or casting vote.

11. The Standing Committee may meet at such times and places as it thinks fit, and subject to the Statutes may regulate its own proceedings.

12. (a) Eight members of the Standing Committee shall form a quorum;

(b) So long as there is a quorum the Standing Committee may act notwithstanding any vacancy in its numbers.

13. Failure by a member to attend three consecutive meetings of the Standing Committee shall give the Standing Committee power to declare his place vacant.

CHAPTER V.—THE PROFESSORIAL BOARD.

1. There shall be a Board, to be called "The Professorial Board."

2. The Board shall consist of the Chancellor, the Vice-Chancellor, and the full-time professors of the University, together with such honorary or part-time professors as the Senate, on the recommendation of the Professorial Board, may determine.

3. The Board may from time to time invite any person to attend its meetings for any particular purpose.

4. At its first meeting in each academic year, or its first available meeting after a vacancy in the office has occurred, the Senate shall appoint such member of the Board as the Board recommends and the Senate approves to be President of the Professorial Board for the ensuing year. A President thus appointed shall, unless his appointment is sooner determined by Senate resolution or otherwise, hold office until the next regular appointment is made by the Senate.

5. The Board shall meet at least once each term.

6. The Chancellor, or in his absence the Deputy Chancellor, and the Vice-Chancellor, shall have the right to summon a special meeting of the Professorial Board for the purpose of considering any business to be submitted by him, and to preside at such meeting.

7. One-third of the members of the Board shall form a quorum.

8. At every meeting of the Board the Chairman shall have a vote, and, in the case of an equality of votes, a second or casting vote.

9. Subject to the supreme control of the Senate and to the Statutes and any Regulations made by it, and to the authority of any committee of the Senate, the powers and duties of the Professorial Board shall be—

- (a) In addition to the powers and duties particularly set forth herein or in any other Statute or Regulation of the Senate, to consider any matter concerning the University or its functions or activities which in its opinion is not purely within the province of any one Faculty Board or other authority within the University, and also to consider any action or resolution or matter dealt with by any Faculty Board, Board of Studies, or similar authority which, whether or not it is ordinarily within the province of that authority only, in the opinion of the Professorial Board affects the interests of the University as a whole or general University policy or some other section of the University; and where it deems it advisable, to make recommendations thereon to the Senate or to any other University authority.
- (b) To make recommendations to the Senate concerning the organisation of the teaching and research staff of the University, the status, classification, duties, privileges, terms of appointment, and promotion of members of such staff, and other similar matters relating thereto, the staffing of the several Academic Departments of the University, and the persons to be appointed to positions on such staff other than professors.
- (c) Subject to any decision by the Academic Standing Committee in the exercise of its supervisory authority, to determine all matters, not within the province of one Faculty Board or other authority only, which concern the general conduct of courses of study, research, and examinations within the University.
- (d) To take such action as it deems advisable in any matter concerning the discipline of students of the University.
- (e) To frame Statutes and amendments thereof necessary to the carrying out of its proposals, and to frame Regulations authorised by these Statutes

other than Regulations concerning Degrees, Diplomas, Certificates, or other similar awards within the province of the several Faculty Boards or Boards of Studies, and to submit such Statutes or Regulations to the Senate for its consideration.

(f) To advise the Senate on the following matters:—

- (i.) The promotion and extension of University teaching, particularly the establishment of new Faculties, Academic Departments, courses of study, and academic awards within the University.
- (ii.) The affiliation to or connection with the University of any educational establishment.
- (iii.) The promotion of research within the University and the obtaining of reports from time to time upon such research.
- (iv.) The organisation and conduct of the public examinations of the University.
- (v.) The award of fellowships, scholarships, prizes, and similar awards open to students from more than one Faculty.

(g) To report to the Senate upon any matter referred to it by the Senate and to furnish to the Senate such information as may from time to time be required.

(h) To consider the Reports of the Faculty Boards and Boards of Studies and any other authority required to report to the Professorial Board, and thereupon—

- (i) To determine such matters dealt with therein as it is authorised to determine by these Statutes or by regulation or resolution of the Senate; and otherwise,
- (ii) To transmit to the Senate with or without amendment, or to reject, or to refer back to the authority submitting the Report, any recommendation the effect of which in its opinion is not confined to the section of the University administered by the authority that submits it; and
- (iii) To transmit to the Senate without alteration, but with such observations thereon as it thinks fit, any recommendation which affects only the section of the University administered by the authority submitting it.

Provided that where the Professorial Board proposes to transmit with amendments a recommendation of a Faculty Board which affects a matter ordinarily administered by that Faculty Board, the Dean of the Faculty may require such transmission to be delayed until the Faculty Board has had an opportunity of reconsidering the matter; and that where a recommendation of a Faculty Board has been thus reconsidered or has been rejected by the Professorial Board, the Faculty Board may require that its recommendation be transmitted to the Senate without alteration, whereupon the Professorial Board shall so transmit it with such observation on it as it deems fit.

- (i) To frame regulations upon any matters relating to the duties of the Professorial Board and to submit such regulations for the approval of the Senate.
- (j) To appoint such committees, which may include other persons than its own members, and to consult with such persons, whether members of the University or not, as it may consider desirable in the execution of its powers and duties.

10. There shall be a Standing Committee of the Professorial Board which, subject to any decision the Senate may make in the matter, shall consist of the President of the Board and such other members of the Board as the Board may from time to time appoint.

Subject to any decision the Senate may make in the matter, the Standing Committee may regularly exercise on behalf of the Board such powers as the Board may from time to time determine. In any other case where action is necessary before a meeting of the Board can be conveniently held the Standing Committee may act on behalf of the Board, and shall thereupon report its action to the next meeting of the Board.

11. After each of its meetings the Professorial Board shall transmit to the Senate a Report consisting of the minutes of its proceedings which involve recommendations to the Senate or concern matters to which it desires to draw the attention of the Senate, and, subject to paragraph 9 (*h*) above, of such parts of the reports of the Faculties and other University bodies as come to it for transmission to the Senate, together with minutes of its advice or comment or other action thereon. Where there is a meeting of the Academic Standing Committee of the Senate between the meeting of

the Professorial Board and the next meeting of the Senate, the Report shall be transmitted through the Academic Standing Committee.

The Academic Standing Committee may refer any matter dealt with in the Report back to the Professorial Board, or to any Faculty Board or other body concerned, for reconsideration, before the part of the Report dealing with it is transmitted to the Senate. A recommendation made to the Senate by the Professorial Board or by a Faculty Board or other body reporting to the Senate shall not be transmitted by the Academic Standing Committee in an altered form unless the President of the Professorial Board and the Deans of any Faculties concerned with the matter of the recommendation assent to such alteration.

12. The duties of the President of the Professorial Board shall be—

- (a) To act as the executive officer of the Professorial Board.
- (b) To convene the ordinary meetings of the Professorial Board and to convene special meetings either at his own discretion or upon the written request of five members of the Board.
- (c) Save as hereinbefore provided, to preside at all meetings of the Professorial Board and of Standing Committee of the Board at which he is present; if he is absent from any meeting, the members present shall appoint a chairman for that meeting.
- (d) To report to the Senate without delay any case of neglect of duty, misconduct, or inefficiency on the part of any officer of the University which comes under his notice, and which he deems sufficiently serious to warrant such action.
- (e) To perform such other duties as may from time to time be required by the Senate.

13. After each of its meetings the Professorial Board shall transmit to the Chairman of the Academic Standing Committee for information the minutes of its proceedings not contained in its Report to the Senate.

14. Any person specially affected by any decision of the Board, or of the Standing Committee of the Board, or of the President of the Board may appeal therefrom to the Senate.

15. The Senate shall have power to review any decision of the Board or of the Standing Committee of the Board, or of the President of the Board, and to confirm, refer back, vary, or annul such decision.

CHAPTER VI.—PROFESSORES EMERITI.

1. The Senate may by the vote of an absolute majority of its members confer the title of Professor Emeritus on any Professor of the University, at or after his retirement, in recognition of conspicuous services to the University.

2. Such title shall be conferred only in the case of a Professor who shall have held office as a Professor in the University of Queensland for not less than fifteen years.

3. A Professor Emeritus shall for all purposes of courtesy and on ceremonial occasions be regarded as a Professor of the University but shall not be a member of the Professorial Board.

CHAPTER VII.—THE FACULTIES.

1. Until otherwise determined, there shall be eleven Faculties in the University, viz., the Faculties of—

- (a) Arts;
- (b) Science;
- (c) Engineering;
- (d) Commerce and Economics;
- (e) Agriculture;
- (f) Law;
- (g) Dentistry;
- (h) Veterinary Science;
- (i) Medicine;
- (j) Education;
- (k) Architecture.

2. For each Faculty there shall be a Faculty Board consisting of such members of the teaching staff of the University and such other persons as the Senate determines. Ex officio members may be appointed, in which case each successive holder of the office shall be a member without new appointment. The membership of persons other than ex officio members and members of the teaching staff shall terminate on the first day of March following their appointment unless it is previously renewed by the Senate.

3. Each Faculty Board shall meet at least once each term.

4. The Chancellor, or in his absence the Deputy Chancellor, and the Vice-Chancellor, shall have the right to summon a special meeting of any Faculty Board for the purpose of considering any business to be submitted by him, and to preside at such meeting.

5. At its first meeting held after the commencement of the First Term in each year the Senate shall appoint such member of each Faculty Board as that Faculty Board recommends and the Senate approves to be Dean of the Faculty. A casual vacancy occurring in the office of Dean shall be filled in like manner at the first available meeting of the Senate after the vacancy occurs. A Dean thus appointed shall, unless his appointment is sooner terminated by Senate resolution or otherwise, hold office until the next regular appointment is made by the Senate.

6. One-third of the members of the Faculty Board shall form a quorum.

7. At every meeting of the Faculty Board, the Chairman shall have a vote, and, in the case of an equality of votes, a second or casting vote.

8. Subject to the supreme control of the Senate and to the provisions of the Statutes and any Regulations made by it, and subject also to decisions made by any committee of the Senate or the Professorial Board within its sphere of authority, the powers and duties of each Faculty Board shall be—

- (a) To make recommendations concerning the introduction of new courses of study within the Faculty and the alteration of existing courses of study.
- (b) To make recommendations concerning the provision by the Academic Departments of the University of the teaching and other services needed for existing and projected courses within the Faculty.
- (c) To make recommendations concerning the pursuit of research activities connected with courses of study within the Faculty.
- (d) To make recommendations to any other authority concerning matters affecting the Faculty but within the province of that authority.

- (e) To frame and recommend for consideration any Statutes or Regulations or amendments thereof that may be necessary to carry out any recommendations made by it.
- (f) (i) to determine the details of subjects of the courses of study within the Faculty;
(ii) to determine all necessary details concerning the examinations held within the Faculty, including the appointment of examiners;
(iii) to determine the time-table of courses of lectures given within the Faculty.
- (g) To determine questions concerning the interpretation and application of regulations relating to the matriculation of students or their eligibility otherwise to enter on courses of study within the Faculty, and of regulations relating to courses of study within the Faculty.
- (h) To determine questions concerning the exemption of students in special circumstances from compliance with regulations concerning degrees or other awards.
- (i) In proper cases to grant deferred, supplementary, or special examinations to students.
- (j) To deal with any matter referred or delegated to it by the Senate or the Professorial Board.
- (k) To advise the Professorial Board on all matters referred to it by the Professorial Board for advice.
- (l) To appoint such committees, which may include other persons than its own members, as may be requisite for the performance of its duties, and to consult with such persons whether members of the University or otherwise as it may consider desirable for the furtherance of its business.
- (m) To perform such other duties as the Senate may from time to time require.

9. After each of its meetings each Faculty Board shall transmit to the Professorial Board a Report consisting of the minutes of its proceedings which involve recommendations to the Professorial Board or the Senate or concern matters to which it desires to draw their attention.

10. All resolutions, recommendations, and decisions of a Faculty Board not required to be reported to the Professorial Board shall be recorded in Minutes of the Faculty meetings. Copies of all such Minutes shall be transmitted to the Chairman

of the Academic Standing Committee, the President of the Professorial Board and the Deans of other Faculties for information.

11. The duties of the Dean of a Faculty shall be—

- (a) To convene the ordinary meetings of the Faculty Board and to convene special meetings, either at his own discretion or upon the written request of five members of the Faculty Board.
- (b) Save as hereinbefore provided, to preside at all meetings of the Faculty Board at which he is present; if he is absent from any meeting, the members present shall appoint a Chairman for that meeting.
- (c) To take such action or make such arrangements as may be necessary to carry out decisions made by the Faculty Board.
- (d) To advise students of the Faculty in matters concerning their courses of study.
- (e) To keep himself informed of the work being done in the Academic Department of the University in so far as they affect the Faculty.
- (f) To exercise such other powers or perform such other functions as are conferred on him by the Statutes or Regulations made by the Senate.

12. In any case of urgency the Dean may, after consulting and obtaining the concurrence of the President of the Professorial Board, exercise any power of the Faculty Board, but shall report his action to the Faculty Board at its next meeting, whereupon the Faculty Board may take such action in the matter as it thinks fit.

13. The Dean may exercise on behalf of a Faculty Board the powers conferred on the Faculty Board by sub-paragraphs (e) and (f) of paragraph 8 above, provided the matter dealt with is of minor importance or the action taken by him is in accordance with previous decisions of the Faculty Board in similar cases.

14. The Senate shall have power to review any decision of a Faculty Board or of the Dean of a Faculty, and to confirm, refer back, vary, or annul such decision.

CHAPTER VIII.—THE ACADEMIC DEPARTMENTS.

1. The Senate may establish such academic Departments as in its opinion are needed for carrying on the teaching and research work of the University. The Senate, or such University authority as it appoints for the purpose, shall determine

the Department to which each member of the teaching and research staff of the University shall be attached, and shall appoint one member of the Department to be Head of the Department.

2. It shall be the function of each Department to provide the teaching and other services for such of the courses in the several Faculties or other academic sections of the University as fall within the competence of the Department.

3. If any question arises whether a Department, or which Department, should be called upon to provide a teaching or other service for any Faculty or other academic section of the University, the matter shall be referred to the Professorial Board, which thereupon shall submit to the Academic Standing Committee of the Senate, its advice on the action to be taken in respect of the matter.

4. The Vice-Chancellor, the President of the Professorial Board, and the Dean of any Faculty in so far as his Faculty is affected, may call upon the Head of a Department for a statement giving such information as he requires on any matters connected with the organisation and work of the Department.

CHAPTER IX.—THE USE AND CUSTODY OF THE COMMON SEAL.

The Common Seal of the University shall be and remain in the custody of the Chancellor and the Registrar, and shall not be affixed to any document except pursuant to a Resolution of the Senate.

CHAPTER X.—THE MANAGEMENT, GOOD GOVERNMENT, AND DISCIPLINE OF THE UNIVERSITY.

1. The Senate may from time to time make general regulations for the management, good government, and discipline of the University.

2. Such general regulations may provide for the imposition of penalties for the breach thereof whether by fine, deprivation of privileges, suspension from attendance at lectures or classes, reduction in status or otherwise.

3. Such general regulations may provide by what authority or authorities such penalties may be enforced.

4. The Senate shall at all times have power to enforce such penalties as it thinks fit for breaches of discipline in all cases provided for by the general regulations.

CHAPTER XI.—MATRICULATION.

1. A person shall become an undergraduate member of the University on matriculating in one of the Faculties of the University in the manner hereinafter set forth.

2. Subject to a power in the Senate to grant exemption in any individual case, a candidate for matriculation in any Faculty shall—

- (i) have reached the age of sixteen years,
- (ii) either have fulfilled the educational requirements which at the time of his application are prescribed for matriculation in that Faculty or have at some former time fulfilled the educational requirements then prescribed for matriculation in that Faculty, and
- (iii) have fulfilled all other requirements prescribed at the time of his application for matriculation in that Faculty.

3. The Registrar shall keep a Matriculation Book and shall record therein the name of every person who matriculates and the Faculty in which he first matriculates.

4. Every candidate for matriculation shall make the following declaration by signing his name thereto:—

“I hereby solemnly promise that I will obey the Statutes and Regulations of the University of Queensland so far as they may apply to me, and that I will submit myself respectfully to the constituted authorities of the University.”

5. A person who, being qualified, applies for matriculation in a Faculty, and in the presence of the Registrar or his deputy for the purpose signs his name in the Matriculation Book, such signature being a signature to the declaration set forth above, or who, being excused from attendance for that purpose, signs his name to such declaration contained in a form provided, thereby matriculates in that Faculty and becomes an undergraduate thereof.

6. A person who has matriculated in one Faculty may, if he is qualified for matriculation in another Faculty or has fulfilled any prescribed conditions of transfer, be admitted without further formality to matriculation in that Faculty; but a person may not be an undergraduate of two or more Faculties at the one time.

7. The Senate may by regulation prescribe the requirements for matriculation in a Faculty.

CHAPTER XII.—DEGREES.

1. The Senate shall have power to confer degrees of Bachelor, Master, and Doctor, and to make regulations for the award thereof.

2. The degrees of Bachelor that may be conferred, with the official abbreviations thereof noted in brackets, are listed below, and a candidate for any such degree shall be an undergraduate of the Faculty there listed with it:—

Bachelor of Arts (B.A.)—Faculty of Arts;
 Bachelor of Divinity (B.D.)—Faculty of Arts;

Diploma in Educational Psychology (Dip. Ed. Psych.).

In the Faculty of Architecture—

Diploma in Architecture (Dip. Arch.).

* Not yet offered.

CHAPTER XIV.—FELLOWSHIPS, SCHOLARSHIPS, PRIZES, AND SIMILAR AWARDS.

The Senate may establish such Fellowships, Scholarships, Prizes, and similar awards as it thinks fit, and may make regulations concerning the award and tenure thereof, and any other matters concerning them; provided that where any such award has been established by a gift to the University the regulations thus made shall conform to any conditions imposed by the donors.

CHAPTER XV.—ADMISSION AD EUNDEM GRADUM.

1. The Senate may, subject to the provisions of the next paragraph, admit without examination a graduate of good fame and character of any University approved by the Senate for that purpose to a degree in the University of Queensland responding to his degree in that approved University.

2. Graduates of other Universities may be admitted *ad eundem gradum* if their admission is recommended to the Senate by the Professorial Board acting on the advice of the Faculty Board concerned, provided that admission *ad eundem gradum* shall be granted only to members of the permanent teaching staff of the University or to persons of eminence or to persons who have identified themselves in some permanent and effective way with the intellectual life and activities of the State.

CHAPTER XVI.—ADMISSION AD EUNDEM STATUM.

The Senate may, on the recommendation of the Faculty Board concerned, admit without examination an undergraduate or a graduate of any University approved by the Senate for that purpose to such status in the University as it may determine.

CHAPTER XVII.—THE INSTITUTE OF MODERN LANGUAGES.

1. There shall be within the University an Institute, to be called "The Institute of Modern Languages," controlled by a Board appointed by the Senate.

2. The Board of the Institute shall consist of not less than seven nor more than twelve members, comprising—

- (a) The Deans for the time being of the Faculties of Arts and Commerce, and the Darnell Professor of English;
- (b) Such other members of the teaching staff of the University as the Senate may from time to time appoint;
- (c) Such other members, not being teachers of the University, as the Board may recommend and the Senate approve.

3. Subject to the supreme control of the Senate and to the authority of the Academic Standing Committee of the Senate, the duties of the Board shall be to promote and extend

the teaching of modern foreign languages, and in particular—

- (a) To organise courses of instruction in modern foreign languages for persons whose needs or interests are not served by the secondary schools or the University;
- (b) To recommend to the Senate the fees to be charged for the courses provided;
- (c) To make recommendations to the Senate concerning the appointment of tutors and their remuneration;
- (d) To appoint examiners and hold examinations to test the proficiency of students enrolled for the courses;
- (e) To issue certificates of proficiency to students who have passed examinations held by the Institute;
- (f) To perform such other duties as may from time to time be determined by the Senate;
- (g) To report to the Senate, through the Faculty of Arts upon the activities of the Institute and the Board.

4. The Board may from time to time consult persons, not being members of the Board, on particular matters.

5. At its first meeting after the first Tuesday in March in each year, the Board shall elect one of its members to be chairman for the ensuing year; and he shall hold office until his successor is appointed.

6. The Board shall meet at such times and places as may be determined by the chairman.

7. At all meetings of the Board, the chairman shall have a vote, and, in the case of an equality of votes, a second or casting vote.

8. Three members of the Board shall form a quorum.

9. The Senate shall have power to review any decision of the Board, and to confirm, refer back, vary or annul such decision.

CHAPTER XVIII.—THE MUSIC ADVISORY BOARD.

1. There shall be a Board to be called the University of Queensland Music Advisory Board, referred to in this Chapter as “The Board.”

2. The Board shall consist of the Head of the Department of Music and such other persons as the Senate may from time to time appoint.

3. Subject to the supreme control of the Senate, the duties of the Board shall be—

- (a) To carry out the terms and conditions of the Australian Universities' music agreement, and of any modifications thereof or additions thereto adopted by the Senate on the recommendation of the Australian Music Examinations Board, referred to in this Chapter as "the Examinations Board";
- (b) To manage, conduct, and control the Public Examinations in music as directed by the Examinations Board, in accordance with the said agreement, but subject to such local variations as may be approved by the Examinations Board;
- (c) To make recommendations to the Senate in regard to the appointment of delegates to the Conference of the Examinations Board;
- (d) To advise the Senate upon all matters connected with the said examinations and with the teaching of music in Queensland;
- (e) To keep a register of teachers of music in Queensland, and to enter therein the names of all persons resident in Queensland holding the Licentiatehip of Music of the Examinations Board (L.Mus.), and of such applicants as in the opinion of the Board are qualified to teach music to the standards of Grade VI. of the Examinations Board;
- (f) To recommend to the Examinations Board, through the Senate, the addition or removal of any names on the list of examiners of the Examinations Board;
- (g) To report to the Senate through the Professorial Board its action or advice on the matters referred to above.

4. The Head of the Department of Music shall be chairman of the Board. In the absence of the chairman from any meeting the members present shall elect one of their number to be chairman of the meeting.

5. The Board shall meet at such times and places as may be determined by the chairman.

6. At all meetings of the Board the chairman shall have a vote and, in the case of an equality of votes, a second or casting vote.

7. Three members of the Board shall form a quorum.

8. A separate account shall be kept of all fees received for the public examinations in music, in accordance with the said agreement, and such fees shall be the only fund for the payment of examiners' fees and other necessary expenses. Any surplus may be used for the provision of scholarships in music tenable at any State or University Conservatorium of Music, or for such other purposes in furtherance of University teaching of music as the Senate may from time to time direct.

9. The Registrar or other officer appointed by the Senate for the purpose shall act as secretary of the Board.

10. The Senate shall have power to review any decision of the Board, and to confirm, refer back, vary or annul such decision.

CHAPTER XIX.—THE T. C. BEIRNE SCHOOL OF LAW.

There is hereby established within the Faculty of Law of the University the T. C. Beirne School of Law which, subject to the supreme control of the Senate, shall be responsible for the organisation within the Faculty of Law of the teaching and study in the law classes of the course leading to the Degree of Bachelor of Laws.

CHAPTER XX.—THE UNIVERSITY APPOINTMENTS BOARD.

1. There shall be a Board to be called the University of Queensland Appointments Board, referred to in this Chapter as "the Board."

2. The Board shall consist of—

- (a) Such members of the Council and such other persons as the Senate may appoint annually on the recommendation of the Council as representative of educational, professional, financial, manufacturing, engineering, commercial, pastoral, agricultural, public utility, or scientific associations or bodies in Queensland;
- (b) Such members of the Senate and of the teaching staff of the University as the Senate may appoint annually;
- (c) The Public Service Commissioner and the Commissioner for Railways, who shall be members, *ex officio*.

3. Subject to the supreme control of the Senate, the duties of the Board shall be—

- (a) To take such steps as may be desirable to promote the temporary or permanent employment of members of the University in the several pursuits and professions of life in Queensland;
- (b) To prepare and keep a register of employers who are or may be willing to employ members of the University;
- (c) To keep a register of members of the University who are desirous of finding employment and who apply to have their names entered in such register, to prescribe forms of application for the purpose, and to recommend to the Senate the fees to be charged therefor;
- (d) To report annually to the Council upon the operation of the Board.

4. At its first meeting in each year the Board shall elect one of its members to be chairman, who shall preside at all meetings of the Board when present. In the absence of the chairman from any meeting those present shall elect one of their number to be chairman of the meeting.

5. The Board shall meet at such times and places as the chairman may determine, provided that the secretary shall summon a meeting at the request of any three members of the Board.

6. At all meetings of the Board the chairman shall have a vote and, in the case of an equality of votes, a second or casting vote.

7. Five members of the Board shall form a quorum.

8. The Board shall from time to time appoint a secretary.

CHAPTER XXI.—THE PUBLIC LECTURES COMMITTEE.

1. There shall be a Committee to be called the Public Lectures Committee, referred to in this Chapter as “the Committee.”

2. The Committee shall consist of the President of the Professorial Board, the Director of External Studies, the Lecturer in Music, two persons nominated annually by the Senate, two persons nominated annually by the Standing Committee of the Council, three persons nominated annually by the Professorial Board, and such other persons as the Senate may from time to time appoint. The Committee may co-opt Associate members.

3. Subject to the supreme control of the Senate, the duties of the Committee shall be—

- (a) To secure efficient control and administration in all matters relating to the holding of University Public Lectures, including extra-mural lectures;
- (b) To make recommendations through the Professorial Board to the Senate concerning the appointment of Public Lecturers, except where provision is otherwise made;
- (c) To report on its proceedings through the Professorial Board to the Senate.

4. At its first meeting in each year the Committee shall elect one of its members to be chairman for the year; and he shall hold office until his successor is appointed. In the absence of the chairman from any meeting the members present shall elect one of their number to be chairman of the meeting.

5. Three members of the Committee shall form a quorum.

CHAPTER XXII.—THE BOARD OF STUDIES IN PHYSICAL EDUCATION.

1. There shall be a Board to be called the Board of Studies in Physical Education, referred to in this Chapter as "the Board."

4. The Head of the Department of Physiotherapy shall be chairman of the Board. In the absence of the chairman from any meeting the members present shall elect one of their number to be chairman of the meeting.

5. Five members of the Board shall form a quorum.

CHAPTER XXV.—THE BOARD OF STUDIES IN DIVINITY.

1. There shall be a Board, to be called the Board of Studies in Divinity, referred to in this Chapter as “the Board.”

2. The Board shall consist of the Dean of the Faculty of Arts, the Professor of Classics, the Professor of History and Political Science, the Professor of Philosophy, and such other persons as the Senate may from time to time appoint.

3. Subject to the supreme control of the Senate the duties of the Board shall be—

- (a) To consider the curriculum of existing or projected courses leading to degrees, diplomas, or other awards in Divinity;
- (b) To propose such regulations or amendments thereof concerning the courses aforesaid as it considers desirable;
- (c) In connection with such courses to propose the action to be taken on all matters brought before it relating to the work of students, exemptions, and the application of regulations concerning such courses, and to advise on the appointment of special lecturers, tutors and examiners;
- (d) To report to the Professorial Board through the Faculty of Arts its proposals or advice concerning the matters referred to above;

- (e) To report to the Faculty of Arts the results of the examinations in the courses referred to above and to make recommendations concerning supplementary examinations;
 - (f) To deal in accordance with the terms of reference with any matters referred to it by the Senate or any other superior authority.
4. The Dean of the Faculty of Arts shall be *ex officio* Chairman of the Board. In the absence of the chairman from any meeting, the members present shall elect one of their number to be chairman of the meeting.
5. Five members of the Board shall form a quorum.

CHAPTER XXVI.—ADVISORY COMMITTEES.

The Senate shall have power to make regulations providing for the establishment of Advisory Committees with the function of advising a Faculty on matters within the competence of the Faculty or of dealing in the first instance with matters falling within the duties of the Faculty and of reporting thereon to the Faculty, but so that the authority and responsibility of the Faculty concerning such matters shall not thereby be diminished.

CHAPTER XXVII.—EXTERNAL STUDIES.

1. The Senate shall have power to provide tuition for persons unable to attend the University, referred to in these Statutes as external students, to admit them to such of its Degrees, Diplomas, Certificates, or other awards as it may determine, and generally to make available to them, in so far as is practicable, the benefits available to internal students of the University.

2. The Senate shall have power to provide or arrange to make available in any place such facilities as it considers desirable for the instruction or assistance of external students, and so far as is practicable shall give assistance to external students approximating to that given to internal students.

3. External students shall not be required to attend lectures at the University or perform other work necessitating attendance at the University, but in so far as facilities are available for instruction or assistance, shall attend such lectures, tutorials, and demonstrations, and practise or perform such laboratory or other work as may be required of them by

regulations made under this Chapter or by the Director of External Studies.

4. In the examinations for any Degree, Diploma, Certificate, or other award, no concession shall be made to external students on account of their not being able to attend the University; and for the purpose of such examinations they shall be given the same examination papers and other tests that are set for internal students for the purpose of their obtaining a pass in the subjects available to external students.

5. The Director of External Studies shall be an associate member of the Professorial Board.

6. The Senate may make regulations for the purpose of carrying out the provisions of this Chapter of these Statutes.

CHAPTER XXVIII.—THE BOARD OF EXTERNAL STUDIES.

1. There shall be a Board to be called the Board of External Studies, referred to in this Chapter as "the Board."

2. The Board shall consist of the President of the Professorial Board, the Deans of the Faculties of Arts, Commerce, Law, Education, and any other Faculty in which external studies may hereafter be established, two persons nominated by the Faculty of Arts, the Director of External Studies, the Director-General of Education or his nominee, the Principal of the Teachers' Training College, the Principal of the State Commercial High School and College, and such other persons as the Senate may from time to time appoint.

3. Subject to the supreme control of the Senate the duties of the Board shall be—

(i.) To report to the Professorial Board its advice on—

- (a) the definition of a general policy to be pursued by the University as to external studies;
- (b) the subjects in which tuition should be given to external students;
- (c) the methods by which, so far as is practicable, effective co-ordination and integration of work in external studies with work in internal studies may be secured;
- (d) the methods by which, so far as is practicable, a correspondence between the work of external students and the work of internal students may be secured in the subjects available to external students;

- (e) the ways, means, and methods of conducting courses of study for external students, with particular regard to the object of giving to external students assistance approximating to that given to internal students in the same subjects;
 - (f) the teaching staff required by the Department of External Studies to meet the needs of external students;
 - (g) arrangements for the adequate training and equipping of members of the teaching staff of the Department of External Studies to enable them to discharge their teaching duties efficiently;
 - (h) the establishment, staffing, and conduct of study circles for external students;
 - (i) the maintenance of a library of reference books for the use of external students;
 - (j) any other matter affecting external studies.
- (ii.) To supervise the work of the Department of External Studies so as to secure as far as possible—
- (a) the general efficiency of the Department;
 - (b) the effective carrying out of decisions made by the Senate or other competent authority in matters affecting the Department of External Studies.
- (iii.) To perform such other duties as may from time to time be required of it by the Senate or other competent authority.

4. On receiving advice from the Board the Professorial Board shall, in respect of matters within its executive powers, make such decision as it considers proper, and in respect of other matters transmit the advice of the Board, together with its own advice thereon, to the Academic Standing Committee of the Senate for submission, where necessary, to the Senate.

5. The Director of External Studies shall be Chairman of the Board. In the absence of the Chairman from any meeting the members present shall elect one of their members to be Chairman of the meeting.

6. Five members of the Board shall form a quorum.

CHAPTER XXIX.—POSTGRADUATE MEDICAL EDUCATION.

1. The Senate, without limiting the generality of its powers in this or any regard, and for the purpose of promoting

and extending university teaching, shall have power to provide for postgraduate medical education, whether by the Faculty of Medicine, or whether by agreement and in co-operation with the Queensland Branch of the British Medical Association.

2. For this latter purpose there shall be a Committee, to be called the "Postgraduate Medical Education Committee," hereinafter referred to as "the Committee."

3. The Committee shall consist of representatives of the University and of such association or bodies concerned with medical practice in Queensland as the Senate, after consultation with the Council of the Queensland Branch of the British Medical Association, may from time to time determine; and the number of persons who shall represent the University and each of such associations or bodies shall be determined in like manner.

4. Subject to the supreme control of the Senate, the objects of the Committee shall be to promote and extend postgraduate medical education and, in particular—

- (a) To conduct courses of study in matters of interest to medical practitioners;
- (b) To conduct as required, and as opportunity offers, courses of instruction in branches of medicine prescribed from time to time as specialities under "*The Medical Acts, 1939 to 1940*," or any Act replacing or amending the same;
- (c) To supply scientific information upon medical subjects to *bona fide* inquirers;
- (d) To make recommendations to the Senate in regard to visiting lecturers, and to make such arrangements in that respect as the Senate may from time to time approve;
- (e) To advise the Senate generally upon all matters connected with postgraduate medical teaching in Queensland.

5. The Senate may make regulations for the purpose of carrying out the provisions of this Statute.

CHAPTER XXX.—MEDICAL STUDENTS.

1. The Registrar shall keep a register, to be called "The Register of Medical Students of the University of Queensland," in which shall be recorded the names of all students enrolled for courses within the Faculty of Medicine, and such further particulars relating to such students as the Senate may by regulation prescribe

2. The Senate may, after consultation where necessary with the governing body of any hospital, make regulations concerning the admission of students to the clinical practice or departments of hospitals approved, in accordance with the provisions of the Hospitals Acts, as training schools in medicine or dentistry or other approved course of medical or ancillary training, the conduct and discipline of students admitted thereto, and any other matters affecting or relating to such students.

CHAPTER XXXI.—FEES.

1. Fees shall be payable for all benefits, privileges, services, or matters conferred, given, or involved by or in the examinations or anything connected therewith, the granting of Degrees, Diplomas, and Certificates or anything connected therewith, and attendance at the lectures and classes of the University or anything connected therewith, provided that fees for attendance at lectures shall not be payable by persons training for the position of teacher who, with the approval of the Governor in Council, are attending such lectures for the purpose of obtaining a Degree in Arts, Science or Education, or any Diploma in the Faculty of Arts, the Faculty of Science, or the Faculty of Education, or under the Board of Studies in Physical Education.

2. The Senate may make regulations setting forth the matters in respect of which fees are payable, and the amount and the time and mode of payments of such fees.

3. Nothing herein contained shall prevent the Senate from deferring the payment of fees in any case it thinks proper for such period as it thinks fit.

CHAPTER XXXII.—THE UNIVERSITY LIBRARY.

1. The Library of the University shall be under the management and control of the Senate, which shall be advised by the Library Committee, as constituted by paragraph 2 of Chapter III. of these Statutes.

2. The Senate may from time to time make regulations relating to the use of the Library.

3. Such regulations may provide for the imposition of penalties in the breach thereof, and the Senate shall at all times have power to enforce such penalties.

CHAPTER XXXIII.—THE UNIVERSITY OF QUEENSLAND PRESS.

1. There shall be a department within the University to be called the University of Queensland Press, hereinafter referred to as "the Press."

2. The functions of the Press shall be—

- (a) to publish and to sell or otherwise appropriately deal with official University publications, works of learning, literary matter used in connection with University teaching, past examination papers, and such other matter as the Publications Committee of the Senate may determine;
- (b) to acquire and sell books and other things used for academic purposes.

3. Subject to the supreme authority of the Senate and to the provisions of this Statute, the control of the Press shall be vested in the Publications Committee of the Senate, which may do all things incidental to the carrying out of the functions of the Press.

4. The Senate shall appoint a person to be secretary of the Publications Committee and manager of the Press, on such terms as to salary and otherwise as it may determine, and such officer shall act under the direction of the Publications Committee.

5. The accounts of the Press shall be kept separate from other University accounts, and all funds acquired through the operations of the Press shall remain at its disposal and shall not become a part of general University funds. The accounts shall be balanced annually as at 31st December, and trading and profit and loss accounts and a balance sheet shall, when audited, be submitted to the Senate.

6. All stock, funds, and other property held by the University at the time of making this Statute for the purposes of the activities conducted by the Publications Committee shall be held hereafter for the purposes of the Press.

7. The Senate may from time to time out of general revenue appropriate to the purposes of the Press such sums as it is satisfied represent the loss incurred by the Press in publishing official University publications and in providing material for exchanges of publications between the University and other institutions, but otherwise shall not except in special circumstances make grants for the purposes of the Press.

CHAPTER XXXIV.—THE UNIVERSITY COLLEGES.

1. The Colleges known as Emmanuel College, St. John's College, King's College, The Women's College, St. Leo's College, Duchesne College, Union College, and Cromwell College shall be University Colleges associated with the University for the purpose of giving to students attending the

University the benefits of collegiate life and of making fuller provision for their care, guidance, discipline and instruction.

2. Each College shall use any premises acquired by it from the University only for the purpose of a residential University College and such other purposes as are approved by the Senate.

3. Each College shall operate under a written constitution approved by the Senate, and its constitution shall not be amended without the consent of the Senate. The College shall lodge with the Registrar a copy of its constitution and of any amendment made thereto.

4. There shall be provision in the constitution of each College that one member of the governing body of the College shall be a person nominated by the Senate.

5. The constitution of each College shall prescribe what persons may be admitted to residence in the College.

CHAPTER XXXV.—BOARDING-PLACES OF UNDERGRADUATES.

1. Save as hereinafter provided, no boarding-house may be used by an undergraduate as his dwelling-place during his period of attendance at the University unless the same is licensed by the Senate and otherwise complies with the provisions of this Statute.

2. The proprietor of any boarding-house intended for the reception of students may apply in writing to the Registrar that the same be licensed as a boarding-house for the reception of students. Such application shall be in the form prescribed by the Senate and the applicant shall furnish therewith a certificate as to his good fame and character signed by two householders of good credit and repute and shall forward therewith the sum of two shillings and six pence as the fee payable upon the granting of a licence.

3. Every student intending to reside in a boarding-house shall notify the Registrar in writing of his intention in the case of a boarding-house licensed under the provisions of this Statute, and shall apply in writing to the Registrar in the form prescribed by the Senate in the case of a boarding-house not then licensed as aforesaid.

4. Every licence granted under the provisions of this Statute shall be for a period expiring on the 24th day of February following the date of being granted and may be renewed for twelve months thereafter upon application in writing by the licensee without payment of any further fee.

5. Any licence granted under the provisions of this Statute may be transferred upon application in writing to the Registrar by the proposed transferee, who shall at the same time furnish a certificate as to his good fame and character signed by two householders of good credit and repute and pay a fee of two shillings and six pence.

6. Any licence granted under the provision of this Statute may be cancelled by the Senate in its absolute discretion at any time and without assigning any cause.

7. The Registrar shall keep a register of all licences and of all renewals, transfers, and cancellations of licences.

8. All licensed boarding-houses shall be subject to inspection by the Registrar or such other person as the Senate may approve and the proprietor of a licensed boarding-house shall permit the Registrar or such other person to inspect the same at all reasonable times.

9. The Registrar shall on application supply parents, guardians, students or intending students with particulars in regard to licensed boarding-houses.

10. Any undergraduate who contravenes the provisions of this Statute shall be guilty of conduct offending against discipline.

11. The Chancellor or the Vice-Chancellor may upon special grounds exempt any undergraduate from compliance with the provisions of this Statute.

CHAPTER XXXVI.—MISCELLANEOUS PROVISIONS.

1. Regulations made by the Senate under the authority of these Statutes may be varied or added to from time to time by resolution of the Senate.

2. A students' enrolment for any course or subject, and any contract or other dealing by a student as such with the University, shall be deemed to be made subject to existing Statutes and any Regulations made by the Senate thereunder and to any additions and amendments that may subsequently be made thereto. Provided that if in its opinion the application of any such addition or amendment to a particular student or class of students would cause special hardship to him or them, the Faculty Board or other authority concerned may make such special provision in the matter as it considers reasonable in the circumstances.

3. In these Statutes and the Regulations made thereunder, words importing the masculine gender shall be taken to include females and the singular to include the plural and the plural the singular, unless the contrary is indicated by the context.

4. In these Statutes and the Regulations made thereunder, unless the context otherwise indicates, the following terms shall have the meanings set against them respectively—

“The Act”—*The University of Queensland Acts, 1909 to 1941.*

“The University” and “This University”—The University of Queensland.

“Council”—The Council of the University constituted under the Act.

“Senate”—The Senate of the University constituted under the Act.

“Registrar”—The Registrar of the University.

“Academic Year”—The period beginning on the Thursday before the tenth Monday of a Calendar year and continuing to the corresponding day of the next calendar year.

AMENDMENTS TO REGULATIONS

1. NEW REGULATIONS

A. Regulations relating to the Diploma in Public Administration

1. (1) A person may be admitted as a candidate for the Diploma in Public Administration if *either*

(a) He has matriculated in the Faculty of Arts or the Faculty of Commerce and Economics; *or*

(b) He satisfies the Board of Studies in Public Administration—

(i) that at the commencement of the academic year 1956-1957 he was in the service of the Commonwealth or an Australian State or an instrumentality thereof, or of a local authority in Australia or a territory administered by the Commonwealth;

(ii) that at the commencement of his course he will be at least nineteen years of age and will then be in one such service and have completed at least three years in one or other of such services.

Paragraph (b) above shall cease to be in force after the commencement of the academic year 1960-1961.

(2) A person who is twenty-three years of age may be admitted provisionally as a candidate for the Diploma if he satisfies the Board that he can reasonably be expected to pursue successfully the course for the Diploma. If he does not within three years pass in three subjects, including Public Administration I, he shall not except in special circumstances be permitted to continue the course until he qualifies for admission under sub-regulation (1) of this regulation.

2. A candidate shall pass in the following subjects:—

(a) English I;
Political Science I;
Australian History;
Economics I;
Public Administration I;
Public Administration II;
Public Finance.

(b) One subject selected by the candidate from the following subjects:—A language other than English, British History, Political Science II, Philosophy I, Psychology I, Pure Mathematics I, Economics II, Mercantile Law, Accounting I, Statistics, Elements of Law.

3. A candidate may not enrol for a Part II subject until he has passed in the corresponding Part I subject, or for Public Finance until he has passed in Economics I.

4. To pass in a subject a candidate shall in the one academic year attend the lectures, perform satisfactorily the practical and other work, and pass the examinations in the subject.

5. A candidate may at the discretion of the Dean of the Faculty of Arts be given credit for a pass in a subject if he has passed in a corresponding subject while pursuing another course at this or another University or at an institution recognised by the Board of the Faculty of Arts as maintaining University standards.

6. Except in special circumstances, with the approval of the Dean, a candidate may not in one academic year enrol for more than four subjects if he is a day student or more than two subjects if he is an evening or external student.

7. A candidate shall not be awarded the Diploma until he satisfies the Board that he has completed five years' service, of a character approved by the Board, with one or more than one of the organisations mentioned in regulation 1 or some other organisation approved by the Board.

8. A candidate who has fulfilled the requirements of these regulations and of the statutes and other regulations applying to him may be awarded the Diploma in Public Administration.

9. A person who has qualified for the Diploma in Public Administration may matriculate in the Faculty of Arts if he has passed in a language other than English at a standard not lower than that required for Adult Matriculation, and may for the purposes of the degree of Bachelor of Arts, subject to regulation 5 and notwithstanding regulation 6 of the regulations relating to that degree, be given credit not exceeding six units for Arts subjects included in his Diploma course.

10. (i) A person who has qualified for the Diploma in Public Administration, and who has passed in Statistics or in Mathematics I at Senior standard or in Intermediate Mathematics, may matriculate in the Faculty of Commerce and Economics for the purpose of pursuing the course for the degree of Bachelor of Commerce.

(ii) A person who has qualified for the Diploma in Public Administration and who has passed in Mathematics I at Senior standard, may matriculate in the Faculty of Commerce and Economics for the purpose of pursuing the course for the degree of Bachelor of Economics.

(iii) A person may for the purposes of degrees or other awards within the Faculty of Commerce and Economics, subject to the provisions of the regulations relating thereto, be given credit for subjects included in his Diploma course.

B. Regulations relating to the Diploma in Social Studies

1. A person may be admitted as a candidate for the Diploma in Social Studies if—

- (i) (a) he has matriculated in the Faculty of Arts or the Faculty of Commerce; *or*
- (b) he has passed in four subjects including English at the Senior Public Examination or some other equivalent examination; *or*
- (c) by other evidence he satisfies the Board of Studies in Social Studies that he can reasonably be expected to pursue successfully the course for the Diploma; *or*
- (d) he has had such experience in social work or a cognate field as in the opinion of the Board of Studies in Social Studies fits him to be a candidate for the Diploma; *and*
- (ii) He will be at least nineteen years of age when he begins the course of study for the Diploma, or is a Cadet of a Government Department concerned with Social Welfare Work; *and*

- (iii) Either he will be not more than forty-five years of age when he begins the course of study or if he will be above that age there are in the opinion of the Board of Studies special circumstances warranting his admission as a candidate; *and*
- (iv) He satisfies the Board of Studies that he is personally suited to the profession of social work.

A person desiring to be admitted as a candidate shall submit in writing to the Registrar a full statement of his qualifications and experience.

2. A candidate shall pursue the course of study as a day student.

3. The subjects of the course of study for the Diploma and the years in which they should normally be taken by a candidate completing the course in three years are set forth below:—

First Year:

Psychology I;
Social History;
Social Economics;
Social Work I.

Second Year:

Psychology II;
Social Institutions;
Social Hygiene I;
Social Work II.

Third Year:

Social Problems and Social Agencies;
Legal Aspects of Social Work;
Social Hygiene II;
Social Work III.

4. To pass in a subject a candidate shall in the one academic year attend the lectures, perform satisfactorily the practical and other work, and pass the examinations in the subject.

5. A candidate shall in each academic year enrol for at least three subjects, or, where less than three subjects remain to be passed by him, for the remaining subjects. Except in special circumstances, with the approval of the Director of Social Studies, he shall not in one academic year enrol for more than four subjects.

A candidate's selection of subjects in each academic year shall require the approval of the Director of Social Studies.

6. A candidate shall not be given credit for a pass in a subject unless in the one academic year he passes in three subjects or such lesser number of subjects as remain to be passed by him.

7. During each year of his course a candidate shall pursue to the satisfaction of the Director of Social Studies a course of supervised field work as prescribed for him by the Director of Social Studies; but in the case of a candidate who is or has been engaged in social work independently of the course of study the Board of Studies may grant exemption from this requirement or limit the work to be thus prescribed for him.

8. During each year of his course a candidate shall pursue to the satisfaction of the Director of Social Studies a course of supervised field work as prescribed for him by the Director of Social Studies.

9. Where a candidate has been given credit or exemption under the previous regulation, the Board of Studies may allow the candidate to complete the remaining requirements of the course in two academic

years, but otherwise the candidate shall pursue the course for at least three academic years. Where the candidate is allowed to complete the course in two academic years he shall carry out the field work appropriate to the second and third years of a three year course and such other field work, if any, as may be considered necessary by the Director of Social Studies.

10. A candidate who has received credit for passes in all the subjects listed in regulation 3, other than subjects that he has been exempted from passing, and has complied with all statutes and regulations applying to him, may be awarded the Diploma in Social Studies.

2. GENERAL REGULATIONS

A. Refusal of enrolment

In reg. 12, amend the first paragraph to read:—

A student's enrolment shall not be accepted if it is disapproved by the Dean of the Faculty or other officer having like authority on the ground that the subjects selected by the student are not suitable because of time-table arrangements or non-compliance with regulations, or because in his opinion the student has selected more subjects than his capacity or circumstances enable him to study adequately.

Insert a new regulation as follows:—

12. (1) If in any academic year a day or evening student remains enrolled for a Bachelor's degree course or any diploma or certificate course after the beginning of the final term of that year, and fails to obtain any credit for the purposes of the course, and in the next year in which he remains enrolled for a like period for such a course (whether the same or a different course) fails to obtain any such credit he shall thereafter be refused enrolment for any such course if—

- (a) not having completed approximately half of the course for which he seeks enrolment, he fails to satisfy the Faculty Board or other authority concerned with that course that there is good cause for permitting him to enrol for the course; *or*
- (b) he having completed approximately half of the course, the Faculty Board or other authority concerned is satisfied that his failure was due to neglect of his studies which ought not to be excused.

(2) If for three years, whether successive years or not, a student enrolls for a subject or part of a subject which he need not include in his course, and in each of the years fails to pass in it, he shall be refused further enrolment in that subject or part of a subject unless he satisfies the Faculty Board, Board of External Studies, or other authority concerned, that there is good cause for allowing him to enrol again for it.

For the purpose of this paragraph a student shall not be deemed to fail to pass in a subject or part of a subject in any year if he withdraws his enrolment for it before the beginning of Third Term of that year.

(3) If during a period in which he has not qualified for a degree or other award an external student has in any three years in which he has enrolled, whether in successive years or not, and whether remaining enrolled for the whole of any year or only for a part of it, failed to obtain any credit for the purposes of a course, he shall be refused further enrolment for any course as an external student until he satisfies the Board of External Studies that his failures to obtain

credit were due to circumstances that interfered with his studies and that such circumstances no longer exist. It is immaterial that during this period the student changed the degree course or other course for which he was enrolled. This provision does not affect the application of other provisions of this regulation.

(4) When a student has in any academic year failed to pass in a subject or part of a subject or to obtain credit for the purposes of a course (as the case may be), so that further failure may render him liable to be refused enrolment, a letter shall be posted before the end of the first term of the next ensuing academic year addressed to him at his home or term-time address appearing on the University records, informing him that further failure to obtain credit for a subject or part of a subject or for the purposes of a course (the relevant particulars being given in the notice) may render him liable to be refused enrolment in accordance with the provisions of this regulation.

(5) A student shall not be refused enrolment under the authority of sub-regulation (1), (2) or (3) of this regulation unless—

- (a) a letter has been posted to him as prescribed by sub-regulation (4) of this regulation;
- (b) a letter has been posted, addressed to him at his home or term-time address, inviting him to show cause in writing to the Registrar within fourteen days of the date of the letter why he should not be refused further enrolment.

(6) A student may appeal to the Senate against any finding or decision made under the provisions of this regulation.

(7) If a student has been refused enrolment in any year, he may in a subsequent year show cause why the decision made against him should be reviewed so far as it affects his pursuing a course for which he now seeks enrolment (whether or not a course for which he was previously enrolled), and the Faculty Board or other authority concerned with this course may, if it thinks fit, allow him to enrol for it.

3. MATRICULATION

Part I—General Regulations

For reg. 4 substitute—

4. Any candidate may pass the subjects prescribed for any faculty at more than one sitting provided he passes at one sitting in at least four of the subjects listed in regulation 6, whether or not prescribed for that faculty.

If a candidate satisfies the Registrar of the University that he is not attending a secondary school, and that—

- (a) there is no secondary school near enough to his home for him to be reasonably expected to attend it as a day pupil; or
- (b) he is in full-time employment; or
- (c) he suffers from physical disability preventing attendance as a day pupil at a secondary school,

he may pass the subjects prescribed for any faculty at more than one sitting, but shall not be given credit for a pass in one prescribed subject only at any sitting unless it is the last subject to be passed by him, and must obtain credit for four passes in prescribed subjects within three successive academic years, and where five subjects are prescribed, for five such passes within four successive academic years.

4. FACULTY OF ARTS

DEGREE OF BACHELOR OF ARTS

Amendments to Regulations appearing on pages 17-20 of the Faculty of Arts Handbook are as follows:—

In Regulation 2 (c), for "Political Science (Part I, Part II)" substitute—

"Political Science (Part I, Part II, Part III)".

To Regulation 2 (e), p. 18 of the Faculty of Arts Handbook—

To Geography (Part I, Part II) add Part III.

To Regulation 9 add—

"(g) A candidate who has passed in Preparatory German shall be given credit for it as a subject passed in one Part if he has also passed in German I and German II."

Add to Regulation 14—(13) Geography.

Add to Regulation 20—

(13) *Geography*.

(a) Geography, Parts I, II and III.

(b) Five other Parts of Pass subjects including two Parts of at least one subject.

(c) Honours subjects and other work prescribed by the Head of Department.

(d) Thesis.

THE DEGREE OF MASTER OF ARTS

For the Regulation on page 28 to 30 of the Faculty of Arts Handbook substitute the following:—

1. A candidate for the Master of Arts Degree shall be a Bachelor of Arts of this University or have been admitted *ad eundem statum*. An intending candidate shall consult with the Head of Department concerned as to the course of work and study to be pursued by him.

2. The degree may be taken in any one of the following Schools:—

(a) Classics;

(b) Latin;

(c) English Language and Literature;

(d) French Language and Literature;

(e) German Language and Literature;

(f) History;

(g) Economics;

(h) Philosophy;

(i) Psychology;

(j) Mathematics;

(k) Geography.

3. (1) A candidate for the degree of Master of Arts in Classics or in Latin shall present himself for examination in (a) such texts as the Faculty Board shall prescribe in his case, and (b) some aspect of Classical or Latin scholarship, as the case may be, chosen by the candidate and approved by the Faculty Board for special study.

(2) A candidate for the degree of Master of Arts in any other School shall submit a thesis on a subject chosen by the candidate and approved by the Faculty Board.

(3) A candidate may not present himself for such examination or submit such thesis less than one year after he has settled with the Head of Department concerned the general character of the work to be carried out by him, and has enrolled as a candidate for the degree.

(4) The examiners may require a candidate who submits a thesis to submit to an examination on the subject of his thesis.

(5) The degree shall not be conferred on a candidate before he is of two years' standing as a Bachelor of Arts.

4. A person who has not obtained First or Second Class Honours in a School which, in the opinion of the Faculty Board, corresponds to a substantial extent with the School in which he is seeking the degree shall not be accepted as a candidate unless or until he has completed three years of Pass Degree work in a subject within the School in which he seeks the degree, and his record shows, in the opinion of the Head of Department concerned, that he is a suitable person to be a candidate.

Such a candidate shall not present himself for the examination or submit the thesis required by the Regulation 4 within three years of his being accepted as a candidate. In addition to satisfying the requirements of the Regulation 4 he shall pursue for at least two years a course of study to be prescribed for him by the Head of Department concerned, and satisfy the Faculty Board by examination that he has reached a standard not lower than that required for Second Class Honours. If he was an external student, while carrying out the whole or part of the required three years of pass degree work in a subject within his Honours School, he shall attend the University to such an extent and for such purposes as the Faculty Board may prescribe in his case.

DEGREE OF BACHELOR OF DIVINITY

In Regulation 7, pages 86-87 of the Handbook of the Faculty of Arts, for clause (b) substitute—

- (b) pursue a special course of study prescribed by the Board of Studies in Divinity in his case in one of the following fields of religious study, viz.:—

Old Testament
New Testament
Church History
Theology
Philosophical and Comparative Study of Religion.

[NOTE: The second and third paragraphs of Reg. 7 are not part of clause (b).]

In a normal Honours course the special course of study should involve tutorials over two years at least, equivalent to one hour per week in the one year and two hours per week in the other.

The Board will appoint a supervisor for each Honours course and examiners for the thesis.

The recommendation as to the awarding of Honours shall be made by the Board of Studies in Divinity after consideration of the report made by the examiners appointed.

THE DEGREE OF DOCTOR OF DIVINITY

1. A candidate for the degree of Doctor of Divinity shall be a Bachelor of Divinity of this University of not less than five years' standing or have been admitted *ad eundem statum*.

2. A candidate shall submit evidence of a substantial original and scholarly contribution to theological studies, such evidence to consist of published work or a thesis or both.

3. The material submitted by the candidate shall be referred to three examiners for consideration and report to the Board of the Faculty of Arts. The examiners shall be appointed by the Board of the Faculty of Arts after recommendation by the Board of Studies in Divinity, and shall include at least two persons who have no official connection with the University.

4. The Faculty Board may at its discretion require the candidate to present himself for oral or written examination.

DIPLOMA IN DIVINITY

To the subjects listed under 2 (b) (ii) add "Liturgiology".

5. FACULTY OF ENGINEERING

DEGREE OF BACHELOR OF ENGINEERING

1. *Add* the following paragraph to Regulation 9:—

"A candidate may not proceed to a course of study in a field of engineering other than that for which his vacation practice was approved, without consultation with the Head of the Department concerned, who may prescribe vacation work in the appropriate fields as a pre-requisite."

2. *Add* to Regulation 12 after "following" the words—
"but not in both years".

3. *Add* the following paragraph to Regulation 12—

"If the candidate elects to present himself for the Honours examinations in such year next following he shall as soon as possible be informed whether or not the thesis submitted by him in accordance with Regulation 10 is satisfactory for Honours purposes. If it is not satisfactory he shall, and if it is satisfactory he need not but may, submit another thesis on the same or a different subject not later than the tenth Monday of the next year".

4. In Regulation 13 *delete* the last sentence.

5. *Add* to Regulation 23 the following paragraph:—

"A candidate who elects to present himself for the Honours examinations in the academic year following that in which he qualified for the Pass Degree may be admitted to the Pass Degree; and if subsequently he is awarded Honours he may have a record of the award entered on his Degree Certificate or he may surrender his certificate and receive in its place a new certificate bearing such record".

6. FACULTY OF LAW

Degree of Doctor of Laws

The following to be substituted for the existing regulations relating to the Degree of Doctor of Laws, as shown on pages 14-15 of the Handbook of the Faculty of Law:—

1. The Degree of Doctor of Laws may not be awarded to a person within five years of his first obtaining a Degree within the Faculty.

2. A candidate for the Degree shall submit as evidence of his qualification material containing original scholarly and substantial contributions to some branch of legal knowledge. If unpublished material is submitted, whether alone or with published material, it shall consist of a thesis on a subject selected by the candidate and approved by the Board of the Faculty of Law.

3. An application for the degree of Doctor of Laws shall be made in writing to the Registrar, and shall be accompanied by three copies of each of the published papers or books submitted and four bound printed or typewritten copies of a thesis submitted.

4. The material submitted by the candidates shall be referred to three examiners, two of whom shall have no official connection with the University.

5. The examiners may at their discretion require the candidate to submit to an examination.

7. FACULTY OF MEDICINE

Degree of Bachelor of Medicine

Insert the following regulation in the regulations relating to Bachelor of Medicine and Bachelor of Surgery, as shown on pages 10-15 of the Handbook of the Faculty of Medicine:—

“3A. If a candidate, having completed the first year of study, has for a period of more than one year not regularly pursued the work of the course, he may not renew his enrolment without first obtaining the permission of the Faculty to do so.

The permission may be made subject to such conditions to be fulfilled by the candidate as the Faculty thinks proper in his case.”

Post-Graduate Medical Education Regulations

The following to be *added* to Regulation (1) on page 177 of the University of Queensland Handbook:—

“Queensland Faculty of the College of General Practitioners, one member.”

8. DEGREE OF DOCTOR OF PHILOSOPHY

For existing Regulations 4, 5 and 6 substitute the following:—

4. A candidate may be accepted either as a full-time student or, in the cases hereinafter prescribed, as a part-time student. A candidate in employment shall not be accepted as a full-time student unless the employment is such that he is able to pursue a course as heavy as that which he would be expected to pursue if he were not in employment.

A candidate may be accepted as a part-time student (a) if he is a full-time member of the University teaching or research staff, (b) in any other case if in the opinion of the Board his circumstances are such that he is able to pursue a part-time course approved by the Board.

5. Subject to Regulation 6 a candidate shall, after being admitted as a candidate, pursue within the University a course of advanced study and research approved by the Board under such supervision as the Board may prescribe. He shall do so, if he is a full-time student.

for at least two years, and if he is a part-time student, for such period being not less than three years as the Board determines. Thereafter he may, if the Board approves, continue the course at another institution under conditions approved by the Board, for such further period as the Board determines.

6. A candidate may transfer from full-time status to part-time status, or from part-time status to full-time status, on such terms as the Board prescribes.

A candidate who holds a Master's Degree, or has been admitted *ad eundem statum*, may be permitted by the Board to pursue such part of his research work as the Board approves otherwise than by attendance at the University, but under the supervision of the University.

If a candidate, before being admitted as such, has pursued a course of advanced study and research at another university, the Board may, at its discretion, treat the work thus pursued as part of his work for the Degree, and thereupon shall determine the period, being not less than one year for a full-time student and two years for a part-time student, during which he shall pursue his course at this University.

If a candidate after commencing a course for the Degree becomes unable or ineligible to continue attendance as a full-time or part-time student, the Board may, in a proper case and at its discretion, allow him to complete his work for the Degree on such terms as the Board thinks fit. The Board must be satisfied that the Head of Department supervising his course can continue to do so effectively, and also be satisfied that a sufficient part of the course has been pursued at this University to warrant the award of the Degree by this University, such part not in any case to be less than one year's work for a full-time student and two years' work for a part-time student.

9. REGULATIONS RELATING TO STUDY LEAVE

The following to be added to the regulations relating to Study Leave on pages 120-121 of the Handbook of the University of Queensland:—

"6. Within three months of his return after leave of absence granted under these regulations a member of the staff shall submit to the Professorial Board for transmission to the Senate a report showing the course of study pursued by him during his period of leave and the significance of the work done".

10. REGULATIONS RELATING TO ACADEMIC DRESS

On page 191, University of Queensland Handbook, insert above "Janitor" the following paragraph:—

Holder of Diploma being a Graduate

The holder of a diploma who is a graduate shall wear the academic dress appropriate to his degree, whether or not the diploma is awarded within the same Faculty as the degree.

11. REGULATIONS RELATING TO PRIZES, Etc.

The Arthur Wade Prize.

Founded in 1953 by gift from Mrs. Wade, in memory of her husband, Arthur Wade, D.Sc., a distinguished geologist whose principal contributions were in the field of petroleum geology.

1. The name of the prize will be the Arthur Wade Prize.
2. The prize will be awarded each year by the Senate on the recommendation of the Faculty of Science to the student who in that year has shown the greatest proficiency in the work of the final year of the course for the degree of Bachelor of Applied Science in Geology.
3. The prize will consist of books of a value not exceeding the annual income from the fund to be selected by the student and approved by the Dean of the Faculty.
4. If in any year the Faculty is of the opinion that there is no student of sufficient merit to justify an award of the prize the prize will not be awarded in that year.
5. Income from the fund not expended on the prize shall be added to and become part of the fund.

The Lectureship in Irish Studies.

(Founded in 1953 and maintained by an annual grant from the Queensland Irish Association.)

1. There shall be established in the University a Public Lectureship to be called "The Lectureship in Irish Studies."
2. Each year the Senate shall appoint a lecturer to deliver one or more public lectures, at a time to be appointed by the Senate, on a subject connected with Irish Studies, and also, as far as possible, with studies in the Faculty of Arts.
3. At some time in each year the Public Lectures Committee, after consultation with the Queensland Irish Association, shall make a recommendation to the Senate concerning the subject for the year, the person to be appointed lecturer, and the time for the delivery of the lecture or lectures.

The Robert Philp Scholarship and the Edwin Munro Scholarship.

(Pages 135 and 140 of University Handbook.)

In the Regulations relating to the Scholarships add to Regulation 2, as a separate paragraph—

A person shall not be awarded the Scholarship, or after an award receive payments under it, while he is in receipt of emoluments, whether by way of salary, scholarship or otherwise, which in the opinion of the Faculty are sufficient for his needs as a student. As between other persons worthy of an award the Faculty may, in making a recommendation, take account of any emoluments which any of them will receive apart from the Scholarship. If payments to a scholar are stopped after an award is made the remaining income from the fund shall be added to the principal.

The Hellenic Scholarship.

(Page 142 of University Handbook.)

In the Regulations substitute "The Greek Orthodox Community Scholarship in Greek" for "The Hellenic Scholarship" and "The Greek Orthodox Community Travelling Fellowship" for "The Hellenic Travelling Fellowship."

The Baillieu Research Scholarship.

(Established in 1954 by a gift of £4,838/14/2 from the Repatriation Fund (Baillieu Gift) Act of 1937).

1. The name of the Scholarship shall be the Baillieu Research Scholarship.

2. The Scholarship shall be for the purpose of post-graduate research, within the University of Queensland, in the Faculties of Medicine, Law, Commerce, Economics or Architecture, or any one of them.

3. The value of the Scholarship shall be a sum approximately equal to the income from the Fund.

4. The Scholarship shall be awarded annually by the Senate on the recommendation of the Professorial Board.

5. The scholar shall carry out research under the direction of the Professor or Head of the Department considered by the Professorial Board to be the most appropriate for the purposes of the research.

6. The Scholarship shall not be awarded in any year if there is no candidate judged to be of sufficient merit for the award, in which case the accruing interest shall be capitalised.

7. Preference shall be given amongst qualified candidates to the lineal descendant of an Australian soldier or sailor, as defined by s. 46 (2) of *The Australian Soldiers' Repatriation Act 1920-1935* (which definition covers only persons who were members of the forces during the war which began on the 4th August, 1914, but extends to females), who suffered death, or blindness, or total incapacity as defined by s. 5 of *The Repatriation Fund (Baillieu Gift) Act 1937*.

8. Candidates shall not be more than 35 years old and preference shall be given to graduates of not more than five years standing.

9. A candidate for the Scholarship shall submit his application to the Registrar on or before the 1st February prior to the award and shall submit therewith a statement as to his proposed line of research.

10. The Scholarship may be held in conjunction with any other Research Scholarship or allowance from Research Funds of the University.

The Fred Z. Eager Post-Graduate Fellowship in Veterinary Science.

(Established in 1953 by a gift of £3,000 from Miss Anne Whipple in memory of the late Fred Z. Eager of Brisbane. Additional emolument to the Fellow is provided by the University).

1. The name of the Fellowship shall be "The Fred Z. Eager Post-Graduate Fellowship in Veterinary Science."

2. The Fellowship shall be awarded by the Senate on the recommendation of the Faculty of Veterinary Science and shall normally be tenable for two years. It will be of the annual value of £750, and may be awarded as often as the accrued income from the fund becomes sufficient to make two annual payments of at least £250 from such income. The balance of the Fellow's emolument will be provided by the University.

3. The Fellow shall engage in research in a branch of veterinary science according to a programme approved by the Senate on the recommendation of the Dean of the Faculty. He shall also perform such lecturing and demonstrating duties as may be determined by the Head of the Department concerned with his work. At the end

of each year during the continuance of the Fellowship the Fellow shall submit to the Dean of the Faculty for transmission to the Senate a report on the progress of his research. If at any time the Senate is not satisfied with the work done by the Fellow it may terminate his Fellowship. At the end of his tenure of the Fellowship the Fellow shall submit a report or papers embodying the results of his research.

4. Unless the Senate otherwise approves the Fellow shall give full-time attention to his duties as Fellow, and shall not undertake any employment for reward except with the consent of the Senate.

5. Applications for the Fellowship shall be lodged with the Registrar in accordance with the terms prescribed and published by notice when an award is to be made.

The William Nathaniel Robertson Medal.

(Founded in 1937 by a gift of more than £200 from the Queensland Branch of the British Medical Association in recognition of the valuable services rendered to the medical profession by Dr. W. N. Robertson, Vice-Chancellor of the University.)

1. The name of the award shall be "The William Nathaniel Robertson Medal."

2. That the William Nathaniel Robertson Medal be awarded to the most successful candidate in the fifth and sixth years of the course leading to the Degree of Bachelor of Medicine and Bachelor of Surgery.

3. The Medal shall be awarded by the Senate on the recommendation of the Faculty of Medicine.

4. So soon as the interest on the principal sum, after making provision for the striking of the Medal, shall be sufficient, a candidate who receives the Medal shall in addition be awarded a prize of £10.

5. If in any year no candidate reaches a standard sufficiently high to warrant the award, the Medal shall not be awarded in that year, and the amount thereof shall be added to and become part of the principal sum.

The English, Scottish and Australian Bank Research Lectureship in the Field of Practical Banking and Central Bank Policy.

(Established in 1954 and maintained by funds provided from time to time by the English, Scottish and Australian Bank Ltd.)

1. There shall be established in the University of Queensland a Lectureship to be called "The English, Scottish and Australian Bank Ltd. Research Lectureship in Practical Banking and Central Bank Policy".

2. The Lectureship shall be an annual appointment.

3. The object of the Lectureship is to stimulate research in practical banking and central bank policy and to encourage contributions to the literature of the subject. The duty of the lecturer shall be to give one public lecture on a subject in this field.

4. The lecturer shall be appointed by the Senate on the recommendation of the Faculty of Commerce.

The A. C. V. Melbourne Prize.

(Founded in 1954 by a legacy of £200 given by Mrs. Melbourne as a memorial to her husband, Alexander Clifford Vernon Melbourne, formerly lecturer and later Associate Professor in History at the University from 1913 to 1943.)

1. The name of the Prize shall be "The A. C. V. Melbourne Memorial Prize in History."

2. The Prize shall be awarded each year by the Senate on the recommendation of the Board of the Faculty of Arts to the student who in that year has shown the greatest proficiency in History, Part II, on condition that in the next year he pursues the course in History, Part III.

3. The Prize shall consist of books, of a value not exceeding the annual income from the fund, selected by the student and approved by the Dean of the Faculty.

4. If in any year the Faculty Board is of the opinion that there is no student of sufficient merit to justify the award of the Prize, the Prize shall not be awarded in that year.

5. Income from the fund not expended on the Prize shall be added to and become part of the fund.

Requirements for an Honours School in Geography

Students who desire to become Honours candidates should consult the Head of the Department of Geography and should also seek his guidance in their selection of the subjects to be taken in addition to the geographical work (see Regulation 20 relating to the B.A. Honours degree). These subjects will take account of the student's special interests and aptitudes.

The programme of Geographical studies shall extend over four years and shall include the following work:—

Pass courses in Geography.

Geography, Parts I, II and III.

Honours courses in Geography.

In the second and third years:—

- A. Instruction in the practice of field surveying.
- B. Selected aspects of the geography of Australia with special reference to resource and regional survey work and projects and proposals for further development of Australian resources.

In the fourth year:—

Course C together with any two of courses D to H:—

- C. History of the development of geographical thought, leading to consideration of current geographical viewpoints and techniques.
- D. The conservation of natural resources.
- E. Problems of settlement and development in tropical and sub-tropical areas.
- F. River and coastal problems.
- G. The functions of cities and developmental problems of large metropolitan areas.
- H. The location of industrial activities.

NOTES:

- (i) Each of the courses D to H shall include application of principles and problems to specific Australian conditions and examples.
- (ii) Students will be required to read and discuss current geographical literature appropriate to the courses taken and to carry out such field investigations as may be required.

Prior to their final Honours examination candidates shall present a thesis upon some special subject connected with their studies, the title of which shall have been previously approved.

The complete notification at present in the Arts Handbook.

Insert:

The complete notification of History III as set out in the Details of Subjects in the new Faculty of Commerce Handbook for 1956.

Social History.—Social History is a new subject to be offered for the first time in 1956. The insertion in the Handbook should read as follows:—

Social History

A course of 60 lectures with tutorial assistance.

This course seeks to explain in its economic and political background the history of social institutions in the United Kingdom and Australia since about 1815. For comparative purposes reference will be made to the history of other member States of the Commonwealth. It will approach the modern development towards the welfare state by consideration of such topics as changes in the conception of the rights and duties of the individual, the place of the family, religion in social life, labour and industrial organisation, changes in parliamentary institutions and the work of some of the more important political theorists. One essay will be required in each of the first two terms and candidates will be required to sit for a three-hour examination at the end of the course.

Political Science

Studies in Political Science may be pursued now in three units—Political Science I, II, III, and an Honours School of Political Science. Students who desire to enrol in the Honours School should consult the Head of the Department.

Political Science I

This course of 55 lectures will be devoted to a brief introduction to politics; a detailed examination of the governments of Great Britain and Australia; and a concluding commentary on the relationship of political theory and practice. The details of the course are as follows:—

A. INTRODUCTION TO POLITICS—12 lectures.

A systematic introduction to vocabulary, basic concepts and issues in politics. The nature and province of politics. Its relationship to allied social disciplines. Politics and scientism. The origin of government. The modes of organising political power. The ends of power.

B. MODERN POLITICAL SYSTEMS.

1. The Government of Great Britain—15 lectures.

The nature and structure of British society. The British Constitution, its nature, and basic principles. The supremacy of parliament and the Rule of Law. The legal and political versions of supremacy. The sense in which the British constitution is both flexible and rigid. The sense in which the constitution is fundamental, and the nature of unconstitutionality. Conventions, their origin, scope and sanction. The electorate and the electoral system. The political parties and the addition to the two-party system. The Legislature; House of Commons and House of Lords. The Cabinet. Its relations to the Legislature. The decline of the Commons. The Public Service. The Administrative "Elite". Reform and its future. The Judiciary. The Crown.

2. The Government of Australia—18 lectures.

Introductory. General survey of the character of Australian democracy in terms of its group structure, party alignments, public attitudes ("settled policies"), social philosophy, and constitutional framework. Interest groups and political parties. The Labor party and trade unions. The Liberal party and business organisations. The Country party and farmers' associations. Non-partisan interest groups. Unorganised interests. The Press and Radio. The Australian constitution. Relations between States and Commonwealth. The High Court. The Parliaments, Commonwealth and States. Cabinet Government, Commonwealth and States. The Public Service. Foreign policy.

C. SUMMATION—5 lectures.

In these five concluding lectures an attempt will be made to make some synthesis of the preceding lectures. Attention will be drawn to the common and special political problems of the Governments of Great Britain and Australia. Consideration will be given to the extent to which their specific political features are the result of different theoretical assumptions and environmental factors.

FACULTY OF MEDICINE.

OBSTETRICS.

A course of lectures, demonstrations, tutorial instruction, seminars, practical and clinical work carried out during the fourth, fifth and sixth years.

Didactic lecture courses are restricted to the last term of fourth year and the first term of fifth year; one term of the fifth year is devoted to the combined study of clinical obstetrics and clinical gynaecology with two weeks in residence; during the sixth year each student spends one of the four terms in the further study of clinical obstetrics and gynaecology but this time the subjects are studied separately, four weeks (wholly resident) being devoted to obstetrics and four weeks being devoted to gynaecology.

Students present themselves at the end of the fifth year for a written paper on the anatomical, physiological and pathological background to obstetrics and gynaecology and another paper on the Principles and Practice of Obstetrics and Gynaecology from the clinical aspect. At the end of the sixth year they present themselves for an examination in Clinical Obstetrics, an examination in Oral Obstetrics, and a combined Clinical and Oral Examination in Gynaecology. Case records and commentaries on representative obstetrical and gynaecological cases allotted during the year are submitted as part of the clinical examination in these subjects.

1. Lecture Course—Principles and Practice of Obstetrics.

These lectures are given during the last term of fourth year and throughout the first term of fifth year. The fourth year lectures are planned to deal with the relevant anatomy and physiology, including the endocrinology, of the female reproductive system, together with a review of the phenomena of normal pregnancy, normal labour and the normal puerperium.

The lectures during the first term of fifth year deal specifically with abnormal pregnancy, including the medical and surgical as well as the purely obstetrical complications of pregnancy; abnormal labour, its diagnosis, clinical course, and management, and the abnormal puerperium dealing with the clinical manifestations, prevention and treatment of both minor and major complications of the puerperium.

This portion of the lecture course includes six lectures on the newborn infant, including the physiological aspects of early neo-natal life, acute infections in the newborn, blood dyscrasias of the newborn, foetal birth injuries, their prevention and treatment, foetal anoxia, and the care of the premature infant.

Finally, reference is made to specific manipulative and operative techniques, obstetric analgesia and anaesthesia, obstetric radiology, and certain historical aspects of the science and art of obstetrics.

2. Introductory Obstetrics.

During the period preceding the main terms of residence each group of fifth year students attends a series of demonstrations on the relevant

anatomy of the female pelvis and foetal skull, and on the mechanism of normal and abnormal labour. Students also witness a number of normal confinements and attend the ante-natal clinics for instruction in methods of ante-natal diagnosis, abdominal palpation, auscultation, pelvimetry and vaginal examination.

3. Clinical Obstetrics.

During the terms devoted to obstetrics and gynaecology each group of students receives instruction in the diagnosis, prognosis and treatment of both major and minor complications of pregnancy, labour and the puerperium. Methods of instruction include seminars on selected clinical topics, as well as bedside teaching.

Students are trained to acquire skill in the more commonly performed obstetric techniques, including the conduct of normal confinements (fifth and sixth year), the application of obstetric forceps (sixth year), and the repair of perineal laceration or episiotomy (sixth year)

Students' practical work is under the direct supervision of the Teaching Registrar in Obstetrics or the First Assistant to the Professor. At present at least fifteen normal confinements are personally conducted by students under supervision during the fifth and sixth years of the course. Students are required to keep complete records of representative cases allotted to them, and to submit, before the final examination, short commentaries on these case records as well as a commentary on the recorded progress of a premature infant.

Sixth year students take a proportion of the official hospital clinical histories of patients admitted for the treatment of some complication of pregnancy; they also enter fully into the various activities of the hospital in a practical manner, especially in the labour ward, working in collaboration with the hospital staff and under the supervision of the University staff.

4. Manipulative Obstetrics.

A series of six weekly demonstrations is given each term to Fifth Year students by the Professor or by a member of the Professorial Unit, or by one of the Special Lecturers.

Instruction is given in all forms of version, rotation of the posteriorly placed occiput, the application of obstetric forceps, the management of breech presentations, embryotomy, induction of labour, caesarian section, manual removal of placenta, episiotomy, repair of perineal tear, etc. Subsequent to certain of these lecture-demonstrations, the procedure is again shown in detail on a cinematographic film. One session is devoted to the study of abnormal pelvis with particular reference to their clinical significance. Further instruction in manipulative obstetrics is given in the sixth year when small groups of students are required to demonstrate their proficiency with models to the satisfaction of one of the tutors in obstetrics.

5. Neo-natal Pediatrics.

This subject, which includes consideration of mothercraft and infant feeding, is dealt with by two tutors in neo-natal pediatrics and by the medical staff attached to the Infant Welfare Clinics.

Each fifth year student attends eight clinical demonstrations per term. As a sixth year student he attends a further eight clinical demonstrations each term and is also present each week at a follow-up clinic of certain infants recently discharged from the hospital. Weekly visits are also made by each student to one of the Infant Welfare Centres where instruction in infant feeding and infant care generally is given by one of the visiting medical officers.

6. Obstetrical Pathology.

A demonstration is given each term dealing with gross obstetrical pathology. Obstetrical histopathology is included in the tutorial classes dealing with gynaecological histopathology.

7. Obstetric Radiology.

A demonstration is given each term of representative X-ray films of obstetric interest and teaching value.

GYNAECOLOGY.

A course of lectures, demonstrations, tutorial instruction and clinical work carried out during the fourth, fifth and sixth years. The lecture course is given during the last term of fourth year. One term of the fifth year is devoted to the study of clinical gynaecology (in conjunction with clinical obstetrics) and during the sixth year each student devotes four weeks wholly to clinical gynaecology.

1. Lecture Course—Principles and Practice of Gynaecology.

This course consists of twenty-three lectures and is made up as follows:—

(a) Three lectures dealing with the anatomy of the female pelvis and pelvic organs.

(b) Fifteen lectures dealing with:

Methods of case history taking and examination. Congenital malformations of the genital tract and reproductive organs and their clinical significance. Disorders of function—their diagnosis and treatment. The differential diagnosis of symptoms. Injuries, prolapse and displacements of the genital tract and viscera. Infections and inflammatory conditions of the genital tract and viscera. Ectopic gestation and abortion; diagnosis and management. Neoplastic conditions—innocent and malignant. Principles of operative gynaecology. Use of gynaecological instruments and appliances. Radium therapy. Post-operative complications and their prevention.

(c) Five lectures on gynaecological endocrinology with the clinical application thereof. This section of the course also deals with the investigation and treatment of human infertility.

2. Introductory Clinical Gynaecology.

This includes attendance over a period of one term by fifth year students at the gynaecological out-patients' Department. Special attention is given to those gynaecological conditions which do not require in-patient treatment. Instruction is given in history-taking and methods of examination by the Teaching Registrar in Gynaecology, taking small groups of students at a time. The visiting out-patient gynaecologists

deal with the interpretation of symptoms and principles of treatment. Fifth year, students also attend one tutorial ward round per week, receiving instruction in relation to the management of various types of miscarriage and the simpler gynaecological conditions requiring hospital care.

3. Clinical Gynaecology.

This is a continuation of the Introductory Clinical Gynaecology of the fifth year but is more intensive and the work is principally carried out in the wards and operating theatres over a period of four weeks of the sixth year. During this period students take a number of the official hospital histories of patients admitted to the gynaecological wards and carry out a complete follow-up of these patients in respect of pathological and other investigations, operative treatment and post-operative care. Students are required to keep complete records of representative cases allotted to them; these are submitted before the final examination and discussion on one of these case records forms the basis for the clinical section of the final examination in gynaecology. Students accompany the senior visiting gynaecologist on his ward round but also spend a good deal of time on individual ward work under the general supervision of the Teaching Registrar in Gynaecology. The procedure of curettage for miscarriage is carried out on one occasion by each sixth year student under the immediate and direct supervision of a Registrar. At the end of each four week period each member of the sub-group concerned submits a written commentary (under examination conditions) on a typical gynaecological case history. These commentaries are assessed and thus constitute part of the aggregate of marks obtainable in the final examinations.

4. Gynaecological Pathology and Histopathology.

During the sixth year each student is supplied with a small set of representative slides dealing with obstetrical and gynaecological histopathology. These are the subject of six tutorial classes each term to small groups of students, correlating the clinical and pathological aspects of gynaecology. A museum demonstration dealing with gross gynaecological pathology is given twice each term.

5. Radium Therapy in Gynaecology.

Once a week during the four-week term of gynaecology each student attends a ward round in the radium ward conducted jointly by a radio-therapist and a gynaecologist.

A lecture on radium therapy in gynaecology is given to a quarter of the year each term by a radio-therapist.

THE SECOND SCHEDULE

GENERAL REGULATIONS.

I—Academic Year.

1. An academic year shall in respect of any course of study or part thereof be such period of time as comprises the terms or other periods prescribed for work during one calendar year in relation thereto and the next ensuing periods prescribed for annual and supplementary examinations in relation thereto.

II—Terms.

2. Except for the third and fourth years of the Bachelor's Degree course in the Faculty of Dentistry, and the fourth, fifth and sixth years of the Bachelor's Degree course in the Faculty of Medicine, there shall be three terms in a calendar year.

- (i) The First Term shall begin on the Thursday before the tenth Monday of the year and shall end on the Saturday before the twenty-first Monday.
- (ii) The Second Term shall begin on the twenty-third Monday of the year and shall end on the Saturday before the thirty-second Monday.
- (iii) The Third Term shall begin on the thirty-fifth Monday of the year and shall end on the Wednesday after the forty-third Monday.

3. In the fourth, fifth, and sixth years of the Bachelor's Degree course in Medicine there shall be four terms in a calendar year.

- (i) The First Term shall begin on the seventh Monday of the year and end on the Saturday before the fifteenth Monday.
- (ii) The Second Term shall begin on the fifteenth Monday of the year and end on the Saturday before the twenty-fifth Monday.
- (iii) The Third Term shall begin on the twenty-fifth Monday of the year and end on the Saturday before the thirty-sixth Monday.
- (iv) The Fourth Term shall begin on the thirty-sixth Monday of the year and end on the Saturday before the forty-fourth Monday.

During the second and third terms there shall be vacations at the same time and of the same extent as the short vacations observed in the other years of the course.

4. In the third and fourth years of the Bachelor's Degree course in the Faculty of Dentistry the work of the course shall begin on the first Tuesday of the year, and shall continue, in the case of the third year, until the beginning of the Annual Examination Period, and in the case of the fourth year until the Saturday immediately preceding Christmas Day.

III—Examination Periods.

5. There shall be an Annual Examination Period beginning on the Friday after the forty-fourth Monday of the year, and a Supplementary and Final Honours Examination Period beginning on the sixth Monday of the year.

IV—Examinations.

6. Examinations to be known as the Annual Examinations shall be held each year and, subject to the provisions relating to deferred and special examinations, all candidates required to pass an examination in any subject other than a Final Honours Examination shall sit for the annual examination in that subject. Unless the Senate approves of any annual examination being held at some other time all such examinations shall be held during the Annual Examination period, provided, however, that the annual examinations in the subjects of the fourth year of the course in Dentistry shall begin on the third Monday of the year.

In addition to an annual examination which any candidate is required to pass, the Faculty or Board concerned may hold another or other examinations in the subject thereof at any time prior to such annual examination and may require the candidate to pass any such other examination.

7. Except where other provision is specially made, Final Honours Examinations and examinations for higher degrees shall be held during the Supplementary and Final Honours Examination Period; but, with the approval of the Faculty or Board concerned, part of any Final Honours Examination may be held during the Annual Examination Period.

8. (i) In this and other regulations the term Supplementary Examination means an examination given to a candidate after he has in the same academic year sat for and failed to pass the annual examination in the subject in question.

(ii) In respect of courses in the Faculties of Arts, and Commerce there shall be no supplementary examinations,

(iii) In respect of all other courses, subject to any special regulations dealing with the matter, the Faculty or Board concerned may allow a candidate to sit for a supplementary examination in any subject.

(iv) Supplementary examinations shall be held during the Supplementary Examination Period, except that in respect of the subjects of the fourth year of the course in Dentistry they shall be held at a time recommended by the Faculty of Dentistry and approved by the Senate, beginning as near as possible to the fourteenth Monday of the year.

9. (i) In this and in other regulations the term Deferred Examination means an examination given to a candidate who has failed in the same academic year to sit for the annual examination in the subject in question.

(ii) If the Faculty or Board concerned is satisfied that a candidate was unable, by reason of illness or other circumstances beyond his control, to sit for an annual examination prescribed in his case, the Faculty or Board may, if it thinks fit, allow the candidate to sit for a deferred examination on such conditions as it may determine. Deferred examinations shall be held during the Supplementary and Final Honours Examination Period. An application for a deferred examination shall not be considered by the Faculty or Board before the annual examinations have been held. The application must be supported by evidence of the grounds on which it is made, and must reach the Registrar before the Examiners' Meeting of the Faculty or Board is held.

(iii) In any case not covered by the preceding or any other regulations relating to examinations, where the Faculty or Board concerned is satisfied that because of exceptional circumstances or special hardship a candidate should be allowed to sit for a special examination at some time other than the times for examination prescribed in his case, the Faculty or Board may make a recommendation accordingly to the Professorial Board and may at the same time recommend that a special fee be paid to the examiners concerned. Thereupon the Professorial Board may take such action in the matter as it thinks fit.

For the purpose of any regulation prescribing the time at which an examination must be passed a special examination shall be deemed to have been held at the time of the examination in place of which the special examination was granted.

V—Enrolments.

10. (i) In this division of these regulations the term "course" means a group of subjects comprised in a prescribed year of study.

(ii) Persons desiring to pursue the studies connected with any course or subject shall enrol for such course or subject in the manner hereinafter prescribed.

(iii) Such persons shall apply for enrolment on forms provided for the purpose.

(iv) In the case of applicants other than those sitting for the Special Matriculation Examination, applications for enrolment in any year shall be lodged with the Registrar not later than the thirty-first day of January in that year. Where the applicant is sitting for a Supplementary or Deferred Examination, his application shall be treated as a provisional application for enrolment for the courses or subjects set out in the application and also for the courses or subjects taken by him in the preceding year the requirements for which are not completed by him at such Supplementary or Deferred Examination.

If an applicant sitting for a Supplementary or Deferred Examination does not immediately after receiving notice of the result of his examination make any further application, his application shall cease to be provisional, and, as the case may require, shall take effect as an application for enrolment for the courses or subjects therein specified or for the courses or subjects taken by him in the previous year for which also he was deemed to be provisionally enrolled. If the applicant desires to enrol for any other course or subject he shall as soon as possible lodge a further application specifying all the subjects for which he desires to be enrolled. In respect of any courses or subjects for which provisional application was not previously made or deemed to be made, the application may, but shall not necessarily, be treated as having been made before the thirty-first day of January.

(v) Persons sitting for the Special Matriculation Examination in any year who desire to enrol in that year shall, not later than the thirty-first day of January in that year, lodge with the Registrar the Provisional Enrolment Form provided for such persons. On being notified of his results in such examination he shall forthwith lodge with the Registrar an ordinary form of enrolment. If such form confirms the application or one of his alternative applications made in the Provisional Form previously lodged, the application for enrolment shall be deemed to have been made before the thirty-first day of January preceding.

(vi) An applicant shall be deemed to be enrolled as from the day on which notice of acceptance of his application was posted or otherwise sent to him.

11. The Registrar may, at his discretion, accept an application for enrolment received after the thirty-first day of January and before the commencement of First Term.

An application received subsequently, but not later than the Saturday in the second week of First Term, may be accepted at the discretion of the Dean of the Faculty concerned or other proper officer. Acceptance of late enrolments is subject to the payment of the prescribed penalties for late enrolment.

12. A student's enrolment shall not be accepted if it is disapproved by the Dean of the Faculty or other officer possessing like authority on the ground that the subjects selected by the student are not suitable because of time-table arrangements or non-compliance with regulations, or because in his opinion the student's capacity or circumstances are such that he will not be able to fulfil the study requirements of all the subjects selected.

An application by a student to be an Honours student may be refused, and acceptance of such an application may be revoked, by the Dean of the Faculty if he is satisfied that the student's scholastic record, unexplained by special circumstances, shows that he does not possess the qualifications appropriate to an Honours student.

13. With the approval of the Dean of his Faculty or other proper officer, and subject to payment of the prescribed penalties for late enrolment, a student may add to the number of subjects selected by him for the year, or substitute one subject for another, at any time up to but not after the Saturday in the second week of the First Term. He may cancel his enrolment in any subject at any time during the year.

14. The Senate, in its absolute discretion, may refuse to enrol any student who fails to satisfy the Senate by documentary evidence or otherwise as it may decide, that he is of good character.

15. If a student fails to pay any enrolment or other fee due from him within the time prescribed for the payment of such fee, the Senate or any officer or other authority authorised by the Senate in that behalf may cancel the student's enrolment, and thereupon all rights and privileges previously enjoyed by the student in consequence of his enrolment shall be suspended until such fee, together with any amount due by way of penalty for late payment, is tendered by him to and is accepted by the University.

VI—Exemption from Requirements of a Subject.

16. If a student has previously enrolled for a subject but has not passed in it, the appropriate Faculty or Board in the case of a day or evening student, and the Board of External Studies in the case of an external student, may

exempt the student from again fulfilling such of the requirements of that subject as in its opinion need not be repeated by the student. A corresponding exemption from fees shall be allowed.

VII—Books and Other Equipment.

17. Undergraduates and non-matriculated students attending courses shall provide themselves with such books, instruments, and other equipment as from time to time may be directed by the Faculty concerned.

VIII—Examination Entries and Time-tables.

18. Each candidate for the Honours and Annual Examinations in November, or for the Honours Examination in February, or for examination for admission to Higher Degrees, shall lodge his entry, in the prescribed form, with the Registrar on or before the 31st August preceding such examination.

19. Each candidate who is entitled to sit for a Supplementary or Deferred Examination in February shall lodge with the Registrar, not later than the 11th December his entry for the examination together with duplicate deposit slip for the prescribed examination fee.

20. No examination entry shall be accepted until the prescribed fees and any penalties incurred have been paid.

21. A late entry may be accepted from a candidate at any time within seven days after the prescribed date, subject to payment of the prescribed penalty for late entry.

22. The time-table for the Annual and Honours Examinations in November shall be prepared and posted on the Notice Board of the University not later than the 30th September.

23. The time-table for the Supplementary and Honours Examinations in February shall be prepared and posted on the Notice Board of the University not later than the 31st January.

IX—Examination Results.

24. Lists of candidates in the several subjects shall be prepared by the Registrar and furnished to the Examiners concerned. The results of the candidates shall be entered by the Examiners in these lists.

25. The examination lists as presented by the Examiners shall be placed before the Board of Examiners of the Faculty concerned. The Board shall prepare a schedule containing the complete results; and this schedule, after verification

by the Dean, shall be submitted for the confirmation of the Faculty. The results shall thereafter be furnished to the individual students; shall be laid before the Senate at its next meeting; and shall be duly entered in the University records.

An examination result returned by an examiner and confirmed by the Faculty shall not be altered except by the Dean in consultation with the President of the Professorial Board in case of patent error, and such alteration shall be laid before the Senate at its next meeting.

X—Withdrawal of Entries.

26. If a candidate has entered for an examination and becomes unable or decides not to sit for it, he shall forthwith by written notice to the Registrar withdraw his entry. If he shows good cause for such withdrawal the Registrar may refund to him an amount not exceeding 75 per cent. of the fee paid by him.

XI—Class Lists.

27. A pass in each subject may be credited as "pass" "credit" or "distinction."

XII—Theses and Dissertations.

28. (a) A thesis, dissertation, or other material required of a candidate for a Master's Degree shall be submitted at such time as the head of the department concerned prescribes.

(b) Subject to any decision made in the matter by the Faculty concerned, a candidate for a higher degree may submit a thesis or other material required in his case at any time during the year. A candidate for the Master's Degree shall consult the head of the department concerned as to the choice of subject for his thesis, and obtain approval of the subject chosen from the Faculty concerned, at least six months before submitting the thesis.

(c) Subject to the provisions of paragraph (d) below, a candidate for a degree, diploma, certificate or other award who is required to present a thesis, dissertation, report or other similar composition shall lodge at least four bound printed or typewritten copies of it with the Registrar.

Of the copies thus lodged three shall be retained by the University as its own property, and any other copy or copies shall within a reasonable time be returned to the candidate lodging them. Of the three copies retained by the University two shall be placed in the Main Library, one to be kept there permanently, and the third shall be at the disposition of the head of the department concerned.

(d) In any case affected by some other regulation inconsistent with this regulation the provisions of this regulation shall apply in so far as they are not inconsistent with such other regulation.

XIII—Application for Admission to Degrees.

29. A candidate desiring to be admitted to a degree at the Annual Degree Ceremony shall apply in the prescribed form and pay the prescribed fee at least fourteen days before the date fixed for the ceremony. Where arrangements have been made for a special ceremony or for admission *in absentia* at another date, a candidate shall comply with such requirements as the appropriate authority determines.

30. A candidate who is qualified to be admitted to a higher degree, and who desires to be admitted to the degree before the next Annual Degree Ceremony, may apply for earlier admission, stating the grounds on which he makes the application. Thereupon the Faculty concerned may make such recommendation to the appropriate authority as it thinks fit.

XIV—Non-Matriculated Students.

31. Any person who is not less than 16 years of age, and who in the opinion of the Dean of the Faculty concerned is competent to undertake the work, may be permitted to enrol for the course in any subject, upon complying with the usual enrolment conditions and paying the prescribed fees. Upon approval by the Faculty concerned, special enrolments for parts of courses may be granted at fees approved by the Senate.

32. (i) Non-matriculated students enrolled for Diploma courses in Architecture, Commerce, Physiotherapy, or Physical Education shall have a status within the University entitling them to the same benefits, other than qualification to proceed to a degree, and rendering them subject to the same discipline and obligations, including the making of a declaration in the form set out in Chapter X of the Statutes, as apply in the case of undergraduate members of the University.

(ii) Non-matriculated students pursuing a course leading to the Diploma in Mechanical and Electrical Engineering who have completed two years of the course and are enrolled as students in the Faculty of Engineering shall have the same status, with the same rights and liabilities, as the abovementioned students.

(iii) The Registrar shall keep a roll in which shall be entered the names of students enrolled for the diploma courses

specified in this regulation who have made a declaration of obedience and submission to the Statutes and authorities of the University.

(iv) Any other non-matriculated persons who have enrolled as students within the University shall be subject to the statutes and regulations relating to discipline to the same extent as matriculated students are subject thereto.

XV—Attendance at Lectures.

33. (a) Students compelled to be absent from more than one lecture shall as soon as practicable notify the Professor or Lecturer concerned.

(b) If the Faculty concerned declares that in its opinion a student's attendance at lectures or performance of laboratory or field work or other prescribed work in any subject is unsatisfactory the student shall thereupon become ineligible to sit for the examination in that subject.

(c) The transfer to external status shall not generally be approved if, before applying, the student has been absent from more than three lectures.

XVI—Medical Certificates and Examinations.

34 (a). A student applying for the first time for enrolment for the Degree Course in Medicine and Surgery, Dentistry, or Physiotherapy, or the Diploma Course in Physiotherapy, or a course in Physical Education, shall lodge with his enrolment form a medical certificate in the form prescribed by the Senate in relation to the course for which he is enrolling, and containing the information or other particulars shown by the form to be required. Such form, if not supplied to the student with his enrolment form shall be obtainable by him on request to the Registrar.

Whether or not a student pursuing one of the above-mentioned courses has lodged such a medical certificate, the Dean of his Faculty, or the Director of Physical Education in the case of a Physical Education student, may at any time recommend to the Vice-Chancellor that the student be medically examined, and the Vice-Chancellor may require the student to submit, and thereupon the student shall submit, to a medical examination at a time and by a medical practitioner selected by the Vice-Chancellor. The scope and character of the medical examination shall be such as the medical practitioner selected considers appropriate in view of

any information supplied to him by the Vice-Chancellor or other matters coming to his knowledge.

A student thus examined shall do all that is necessary on his part to make the findings from the examination available to the Senate.

If any person fails to fulfil the requirements of this regulation, or if the Senate is satisfied that the state of his health, as shown by a medical certificate lodged by him or a medical examination to which he has submitted, is such that pursuit by him of any of the courses specified above would involve undue danger to himself or to any other person, the Senate may refuse to allow him to enrol for any such course, or may without any period of notice being necessary terminate his enrolment for it. In the alternative the Senate may, if it thinks fit, require the student to observe such conditions as it considers will avoid undue danger to himself or any other person, and may terminate his enrolment if he fails to observe such conditions. A student whose enrolment for a course has been refused or terminated under this regulation may not enrol for any other course, or at a later date for the same course, without the special permission of the Senate.

(b) All medical certificates submitted in connection with absence from classes or unfitness to sit for examination shall be in the following form:—

XVII—Discipline.

35. Any conduct of a student which involves disobedience to a reasonable direction by a superior officer or a member of the teaching staff of the University, or of any other institution in which he is pursuing the work of his course, or which is detrimental to the interests of the University or of its members as such or any student as such, or which is disorderly or unduly interferes with the comfort or convenience of any person within the precincts of any University property or of any other institution in which he is pursuing the work of his course, or which otherwise is unbecoming to a University student, shall be deemed to be a breach of discipline.

36. (1) The Senate, in the exercise of the power conferred upon it by the Statutes to impose penalties for breach of discipline, may suspend a student from attendance at the University for such period as it may determine, or may exclude the student permanently from the University, or may impose a fine upon him, or may impose on him any other penalty which it deems appropriate to the case.

(2) The Senate may confer on any committee appointed by it for the purpose or on any officer or other authority within the University all or any of its powers to deal with breaches of discipline.

(3) In determining whether a student has committed a breach of discipline the Senate may hear or refrain from hearing the student and otherwise follow such procedure as it thinks fit.

37. If the President of the Professorial Board receives notice that a student has committed a breach of discipline he may, after hearing the student and making such other inquiry as he thinks fit (whether or not a penalty has already been imposed under Regulation 38), either—

(a) impose a fine on the student not exceeding five pounds; or

(b) refer the matter to the Senate.

38. If any dean, professor, or head of a department receives notice that a student has committed a breach of discipline, he may suspend the student from attendance at classes within his faculty or department, as the case may be, for a period not exceeding one week, and, after hearing the student and making such other inquiry as he thinks fit, either—

(a) impose a fine on the student not exceeding one pound; or

- (b) refer the matter to the President of the Professorial Board.

39. Any member of the teaching staff may exclude from his classes for a period not exceeding one week any student who commits a breach of discipline affecting the holding of such classes, and shall as soon as possible report the matter to the head of his department, who thereupon may exercise such power under Regulation 38 as he thinks fit.

40. Any fine imposed in accordance with these Regulations shall be a debt due from the student to the University and shall be payable immediately. So long as a fine imposed on him remains unpaid a student shall not have any rights as such against the University.

41. Any student on whom a penalty has been imposed under paragraphs 33 (b), 37, 38, or 44 of these Regulations may appeal to the Senate against the decision, whereupon the Senate may deal with the matter as if it had come before the Senate originally.

42. If by way of punishment a student is suspended from attendance at the University or is permanently excluded from it, he shall not thereby become entitled to be repaid fees paid by him or to be relieved from payment of any fees already payable by him.

43. Subject to the provision of Regulation 41 the decision of the Senate or of any other competent authority or officer of the University that a breach of discipline has been committed shall be final and conclusive as against the student affected.

44. For any breach of discipline in the Library, the Librarian, or officer in charge of the Library, may exclude the offender from the Library for not more than twenty-four hours, and shall as soon as possible report the matter to the Chairman of the Library Committee, who may exercise in relation to the matter the same powers as are conferred on the President of the Professorial Board by Regulation 37.

XVIII—Injury to or Loss of Property.

45. The Head of a Department may impose a fine on any student who he is satisfied has without good excuse lost or injured or destroyed any equipment or materials used in the Department. The fine shall not exceed the loss caused to the University, and a student may appeal to the Senate against the imposition of a fine. Regulation 44 shall apply to fines imposed under this Regulation.

The Senate may require each student pursuing any specified course to pay with his fees a specified sum of money by way of caution money. Caution money thus paid shall be repaid to the student not later than the end of the academic year in which the course is pursued except in so far as it is applied to the payment of any fine imposed under this Regulation.

**THE TENTH SCHEDULE.
LIBRARY REGULATIONS.**

1. The Library of the University is divided into the General Library and Departmental Libraries.

2. Books may be used in the Library and, subject to any decision by a competent authority that any book is not to be borrowed, borrowed from it by—

- (a) Members and ex-members of the Senate;
- (b) Members of the University teaching and research staff;
- (c) Superior officers of the University administrative staff;
- (d) Students bona fide pursuing regular courses of the University.

Provided that external students may borrow books only from the External Studies Departmental Library.

3. Books may be used in the Library by—

- (a) Graduates of the University;
- (b) Any person to whom the Librarian in the case of the General Library, or the head of the department in the case of a Departmental Library, gives individual permission to do so.

4. The Librarian in the case of the General Library, and the head of department concerned in the case of a Departmental Library, may, subject to such conditions as he considers proper in the circumstances, lend books to any institution that has been approved for that purpose by the Chairman of the Library Committee.

5. Subject to these regulations, the hours during which the General Library or any Departmental Library shall be open and other matters concerning the use of the Library shall, if not determined by the Library Committee, be determined in the case of the General Library by the Librarian, and in the case of a Departmental Library by the head of the department in which it is established. The Librarian or head of department as the case may be may prescribe that any book shall not be taken away from the Library.

6. Except by special permission given by a competent authority, members of the University staff may not have more than eight volumes, and other borrowers more than three volumes, out of the Library at one time, except as provided by Regulation 8.

7. Any volume borrowed from the Library shall be returned to it within the time prescribed for return. In the absence of any special provision the time shall be fourteen days, but the issuing authority may extend or abridge such time for all borrowers of any particular volumes or class of work, or for a particular borrower of any volume.

Any volume borrowed may be recalled by the issuing authority before the end of the period otherwise prescribed.

8. During the long vacation students out of Brisbane other than external students may have up to six volumes out of the Library at one time, and may retain them for such period, not exceeding twenty-eight days, as the issuing authority determines.

In such a case the student may have volumes sent to him, at his own expense, and where they are not returned by hand shall return them safely packed at his own expense.

9. Notwithstanding the previous regulations, all books borrowed shall be returned to the Library at least one week before the beginning of the Annual Examination Period. All books borrowed during the long vacation shall be returned at least one week before the beginning of the Supplementary Examination Period.

10. Any person using a Library book shall not make any mark on it. If he fails to return it, or returns it in a damaged condition, he shall pay to the University the cost of making good the loss or damage thus caused, whether to the individual volume or to a series of which it forms part.

11. The Librarian, or as the case may be a head of department, may fine a borrower who fails to return a book within the time prescribed for return at the rate of one shilling a week or portion of a week and, in the case of breach of regulation 9 or failure within a reasonable time to return a book recalled by the issuing authority, an additional ten shillings.

A fine thus imposed shall be paid within seven days, and if evidence of such payment is not produced to him promptly the Librarian or head of department concerned may exclude the offender from the use of the Library.

12. In addition to any other penalty that may be imposed, the Librarian, or as the case may be a head of department, may exclude from the use of the Library any person who commits a breach of these regulations or a breach of discipline in or about the Library.

AUSTRALIA.**

The Scholarship.

1. The Trustees of the Services Canteens Trust Fund propose to offer annually one Post Graduate Scholarship for study at an Australian University.

2. The value of the scholarship will be £600 per annum. The scholarship will be tenable for a period of up to three years as determined by the Trustees.

3. The scholarship may be awarded in any field of research or knowledge prescribed by the University concerned.

Factors taken into account in awarding the Scholarship.

4. In awarding the scholarship the Trustees will take into account the following:—

- (i) Academic career;
- (ii) Ability for research work;
- (iii) Character;
- (iv) The future value to Australia of the subject of research or study.

5. The scholarship will be competitive and will be awarded on merit.

6. The scholarship will be awarded only if there is a candidate of sufficient merit.

Conditions under which the Scholarship is granted.

7. The scholarship will be subject to the following conditions:—

- (i) the scholarship must be applied to the purpose for which it is granted;
- (ii) the scholar must abide by the rules of the University where he will be pursuing his studies;

- (iii) the scholar must keep the Trustees informed of his address at all times;
- (iv) the scholar must not take paid employment during the period of the scholarship nor accept remuneration from his place of study without the express approval of the Trustees;
- (v) the scholar should submit reports to the Trustees at the end of each term or similar appropriate interval on the progress of his studies;
- (vi) the scholar is required to produce each term a certificate from the Supervisor of his research that he has been working under his supervision for the preceding term and has done satisfactory work;
- (vii) the Trustees reserve the right at any time to cancel the scholarship at three months' notice for improper conduct, lack of diligence or any other reason which in the opinion of the Trustees deems this action necessary.

8. The successful applicant will be required to pass an examination by a medical practitioner nominated by the Trustees. The examination will be at the expense of the Trustees.

9. The applicant is required to produce with the application a birth certificate to certify that he or she is the child of the ex-serviceman or woman through whom eligibility is claimed. If for any reason the birth certificate is unprocurable a statutory declaration by the parents of the applicant must be produced certifying that the applicant is their child.

10. A certificate by the appropriate authority indicating the value to Australia of the research or study proposed should be attached to the application.

11. It is the policy of the Trustees that a Services Canteens Trust Fund Post-Graduate Scholarship shall not be held concurrently with any other scholarship or education award valued at more than £100. In the event of a Post-Graduate Scholarship from this Fund being awarded to a person who holds or has been awarded another scholarship or education award valued at more than £100 the applicant will be required to elect which scholarship or education award he will accept. Should the applicant subsequent to being granted a Post-Graduate Scholarship receive an additional scholarship permission to hold such scholarship conjointly with the Post-Graduate Scholarship must be obtained from the Trustees.

Eligibility.

12. The following are eligible to apply for a Post-Graduate Scholarship:—

Any child (including step-child, adopted child and ex-nuptial child) of a person who was at any time between 3/9/39 and 30/6/47:—

- (a) a member of the Naval, Military or Air Forces of the Commonwealth; *or*
- (b) a member of any nursing service or women's service attached or auxiliary to any branch of the Defence Force of the Commonwealth.

including a member of the Canteens staff of any ship of the Royal Australian Navy and any person duly accredited to any part of the Defence Force who served in an official capacity on full time paid duty.

Closing date and lodging of applications.

13. Applications must be lodged with the General Secretary, Services Canteens Trust Fund, Victoria Barracks, St. Kilda Road, Melbourne, by 15th January each year. Applications should be transmitted through the Regional Secretary in the State in which the applicant resides.

COMMONWEALTH SCHOLARSHIP SCHEME

The Commonwealth Scholarship Scheme provides assistance to selected young people continuing their studies at the tertiary level. Under the scheme 3,000 scholarships are divided among the States on a population basis. Approximately 400 scholarships (Open Entrance) are available in Queensland each year to students whose results in the Senior Public Examination qualify them for a scholarship.

Places are available for students who have completed a year or more of a tertiary course. Mature Age scholarships are also awarded.

Who Can Apply?

Open Entrance Scholarships

Selection of Open Entrance Scholarships is made on merit on the results of the Senior Public Examination, the aggregate mark in the best five matriculation subjects being the basis of award.

Students undertaking certain Diploma courses at Technical Colleges may, however, qualify on their results in the second year of the course.

To be eligible for selection for Open Entrance Scholarships students are required to be—

- (a) under twenty-five years of age on the 1st January in the year in which they commence their course;
- (b) qualified to commence their chosen course.

In addition, an applicant and at least one of his parents must be permanently resident in Australia.

An applicant under bond or in possession of a tertiary or a professional qualification is ineligible for a Commonwealth scholarship.

Under certain conditions a student may be eligible for an Open Entrance Scholarship at any stage of his course.

Second and Third Year Scholarships

A limited number of scholarships may be awarded annually to students who, even if not eligible for selection on their Senior results, have since completed the first year of an approved course after one year of full-time study or two years of part-time study. In such cases, students who have proceeded further than the first year of their course must have made satisfactory progress.

Fourth and Later Year Scholarships

Fourth and Later Year Scholarships are available for award to students who may or may not have passed the first year of their course at the first attempt. Applicants who have failed in two years of their course already, or who failed in the year immediately preceding application are ineligible for one of these scholarships.

Applicants for Second and Third Year Scholarships and for Fourth and Later Year Scholarships must comply with the conditions of age and residence applicable to Open Entrance Scholarships and likewise must not be under bond or possess a tertiary or professional qualification.

Mature Age Scholarships

Mature Age Scholarships are available for students who wish to commence or continue a course and who are aged not less than 25 years of age on the 1st January in the year for which a scholarship is desired and not more than 30 years of age on the 1st January in the year in which they commence their course.

Mature Age applicants are required—

- (a) to have resided in Australia for two years and must satisfy the Education Department that they intend to remain in Australia permanently;
- (b) to be prepared and able to undertake a full-time course on a full-time basis;
- (c) to have made some continuous endeavour to improve their educational qualifications.

Selection is made on the basis of the student's whole record.

An applicant under bond, or in possession of a tertiary or professional qualification is ineligible for a Mature Age scholarship.

Commonwealth Scholarships and Other Awards

A Commonwealth scholarship may be held concurrently with an Open Scholarship. When so held the Commonwealth scholarship will meet the compulsory fees not covered by the Open Scholarship.

A student receiving benefits under the Soldiers' Children's Education Scheme in any course approved under the Commonwealth Scholarship is not eligible for the award of a Commonwealth scholarship. The rules of the Services Canteens Trust Fund provide that it will not grant benefits to a student awarded a Commonwealth scholarship.

What Courses May Be Undertaken

The courses approved under the Commonwealth Scholarship Scheme are too numerous to list in detail here.

They include—

- (i) all first degree courses at Universities;
- (ii) certain undergraduate diploma courses at Universities;
- (iii) certain honours courses and combined degree courses;
- (iv) certain Technical College diploma courses (chiefly after completion of first year);
- (v) certain other professional courses.

Except in the case of Mature Age scholars, students may pursue their studies in approved courses as day, evening or external students, subject to the requirements of the Institution providing the course concerned.

A detailed list of approved courses may be obtained from the Officer-in-Charge, Commonwealth Scholarship Scheme.

What are the Benefits under the Commonwealth Scholarship Scheme?**A. *Without a Means Test* (all scholarships).**

Fees paid on behalf of Commonwealth scholarship winners are:—

- (i) registration fees;
- (ii) tuition fees;
- (iii) examination fees;
- (iv) general service fees (including sports and union fees);
- (v) graduation fees.

A scholarship does not pay fees which are voluntary or covered by another award. Scholarships may not be awarded in any year of a part-time course in which the cost of the compulsory fees is less than £10.

B. With a Means Test (all scholarships except Mature Age).

Applicants for Commonwealth scholarships who wish to undertake full-time courses on a full-time basis may also apply for living allowances, which are payable subject to a means test.

At present, the maximum living allowance is £169 per annum in the case of a student living with his parents, and £240/10/- in the case of a student living away from his parents. The allowance is intended to cover incidental expenses and hence no provision is made to cover the purchase or hire of books or equipment, weekly fares, or costs involved in excursions.

The maximum allowance is payable when the adjusted family income of the scholar does not exceed £600. The adjusted family income is calculated by adding the gross incomes of the student's father and mother for the financial year ended 30th June prior to the year of assistance and by deducting £100 for the first dependent child under 16 years and £50 for each other dependent child under 16 years.

The allowance is reduced at the rate of £3 for every £10 by which the adjusted family income exceeds £600.

The minimum allowances of £4 per annum for students at home and £4/2/- per annum for a student away from home are payable when the adjusted family income reaches £1,150 and £1,388 respectively.

Example.—The father of a scholar who applies for living allowance in 1956 earns £1,050 and his wife £50 during the 1954-55 financial year. Their total income is thus £1,100. Apart from the scholar there are two dependent children under sixteen years, in respect of whom a deduction of £150 is made, so that the adjusted family income is £950. As this amount exceeds £600 by £350, the scholar's living allowance is reduced by £105 (i.e., £3 for every £10 of the excess), so that the living allowance payable in this case would be £169 less £105 (i.e., £64) if the scholar lives with his parents or £240/10/- less £105 (i.e., £135/10/-) if he lives away from home.

Commonwealth scholars who receive living allowance under the scheme are, in approved circumstances, permitted to supplement their allowances by engaging in employment and are also entitled to retain a certain amount of any allowances they may receive from other awards before any reduction is made in the living allowance.

If a student receiving living allowance under the scheme engages in employment in the long vacation he is permitted to retain up to £4/10/- per week without any reduction in the living allowance payable to him. If the student is allowed to engage in employment during term or short vacations his earnings from such employment are grouped with any allowance he may receive from other awards and he is permitted to retain up to £1/10/- per week without the living allowance payable to him being reduced.

Living Allowance (Mature Age Scholars). Since Mature Age scholars are required to proceed with their courses on a full-time basis, they are eligible to apply for living allowances, subject to a Means Test. The maximum allowance of £4/12/6 per week is payable when the scholar's weekly income does not exceed £2/5/-, and if the student is married, when the combined incomes of the scholar and his wife do not exceed £4/10/-. If the weekly income exceeds these amounts the scholar's allowance is reduced by 2/- for every 3/- of the excess. In

addition to living allowances dependants' allowances (wife—£1/11/-, first child under 16 years 9/-) may be paid if applicable.

An ordinary scholar, as from the beginning of the calendar year immediately following that in which he reaches the age of 25 years, may be considered for living allowance and dependants' allowance under the Mature Age provisions.

What is the Duration of a Commonwealth Scholarship?

Scholarship benefits may be continued for the duration of the student's course, subject to his making satisfactory progress. In some cases scholarships may be extended for an extra year to enable the student to undertake an honours year or an approved combined course.

What are the Obligations of a Commonwealth Scholarship Holder?

A Commonwealth scholar is under no obligation regarding employment on completion of his course. During his course, however, he must inform the Officer-in-Charge, Commonwealth Scholarship Scheme, immediately and in writing of

- (i) any contemplated alteration in his course;
 - (ii) any change of address, including term address;
 - (iii) any illness or other cause preventing regular attendance at the training institution;
 - (iv) failure to enter or sit for examinations;
 - (v) abandonment or discontinuance of the course; and
 - (vi) any other award covering payment of part or all of the fees.
- If the student is in receipt of living allowance, he must
- (i) not undertake employment during term without the written permission of the Officer-in-Charge, Commonwealth Scholarship Scheme;
 - (ii) not undertake any additional courses or any additional subjects without the written permission of the Officer-in-Charge, Commonwealth Scholarship Scheme;
 - (iii) inform the Officer-in-Charge, Commonwealth Scholarship Scheme, immediately and in writing of any material change in his financial circumstances.

All Commonwealth scholars must undergo a medical examination in the first year of their scholarship as directed by the Education Department.

How Are Applications Made?

Application forms are distributed each year to training institutions and secondary schools. They may also be obtained from the Officer-in-Charge, Commonwealth Scholarship Scheme.

APPLICATION FORMS MUST BE COMPLETED IN ALL DETAIL. THE CLOSING DATE FOR THE RECEIPT OF APPLICATIONS IS THE 30th NOVEMBER.

ALL COMMUNICATIONS SHOULD BE ADDRESSED TO
